FRED FARR FIESTA

Friends of Fred Farr will honor him for his 12 years of service as a state senator on February 1 at the Monterey County Fairgrounds. The Fred Farr Fiesta will be held in the exhibition hall starting with a no-host cocktail hour at 6:30 p.m. followed by dinner at 7:30. Tickets (\$7.50) will include the price of dinner, also a donation for a gift for Farr, and may be obtained in Carmel by telephoning Herbert Blanks (624-8212).

Top Golfers Due Here For Crosby

Top names in the world of sports and entertainment will be teeing off January 19 in the 26th Bing Crosby National Pro-Am Golf Championship which will continue through January 22.

The tournament will be played over Pebble Beach, Cypress Point and Spyglass Hill courses. The entry list reads like a combined who's who in sports, motion pictures, television, entertainment and business.

There are 12 past winners of the Crosby competing again including Don Massengale, who won in 1966, and Bruce Crampton, the 1965 champion.

Just who will win this year is speculation, but two of golf's biggest money winners, Arnold Palmer and Jack Nicklaus, are due. Neither has yet to win this tournament. Billy Casper is among the contestants.

Sports fans will be able to see John Brodie, Jim Davenport, Paul Horning, Jackie Jensen, Sandy Koufax, Jack Kramer, Johnny Lujack, Ernie Nevers, Bill Rigney and Tony Trabert.

Entertainers to play along with the professionals include Frankie Avalon, Ray Bolger, Bob Crosby, Tennessee Ernie Ford, Robert Goulet, Phil Harris, Howard Keel, Dean Martin, Gordon MacRae, John Raitt and Bop Hope.

From motion picture and television fame come Jim Backus, Clint Eastwood, Ricky Nelson, Dennis O'Keefe, Forrest Tucker and Robert Wagner.

Cartoonists Hank Ketcham (Dennis the Menace) and Charles Schulz (Peanuts) will be playing, too.

Viet Nam Wounded To Be Bing's Guests

The Carmel chapter of the Red Cross has accepted, with alacrity, an invitation to serve coffee and doughnuts to several hundred special guests of Bing Crosby—soldiers from northern California military installations who are convalescing from wounds or illness suffered in Viet Nam.

The soldiers will arrive on the Peninsula by plane and bus and be taken directly to Indian Village in

Pebble Beach where they will be greeted by the familiar Red Cross hospitality dispensed by the members of the Red Cross Youth Activities group. The coffee, supplied by the Red Cross, will be made in an Army field kitchen by three Fort Ord soldiers. The Red Cross also will furnish the doughnuts. Red Cross volunteers for the project will be under the supervision of Mr. and Mrs. James Mulrooney.

Julian P. Graham Studio Photo

PALMER PROBLEM

Just how Arnold Palmer will extricate his ball from the difficult position, above, seems to be the concern of both the popular pro and members of his gallery on a tree-lined fairway at Pebble Beach.

WEATHER

Mostly sunshine with temperature highs near 65, lows to 35. Some high clouds. Gentle winds.

Mrs. Faul Heads Arts Commission

New members of the Carmel Arts Commission were extended a welcome by Mayor Stephen Grant yesterday afternoon after they were sworn into office by City Clerk Hugh Bayless. They are Mrs. Walter Jennings, Robert Evans Sr. and James Kramer. Then they and other commissioners, Joseph Danynsh, Donald Teague and Mrs. Gunnar Norberg, unanimously elected Mrs. George R. Faul as the commission's new chairman.

First action under the new chairman was a decision to continue to hold commission meetings at 5 p.m. on the first or second Wednesday of each month, depending on which week the city council convenes. The council always meets the first Wednesday following the first Monday of the month and commissioners do not want to meet the same day.

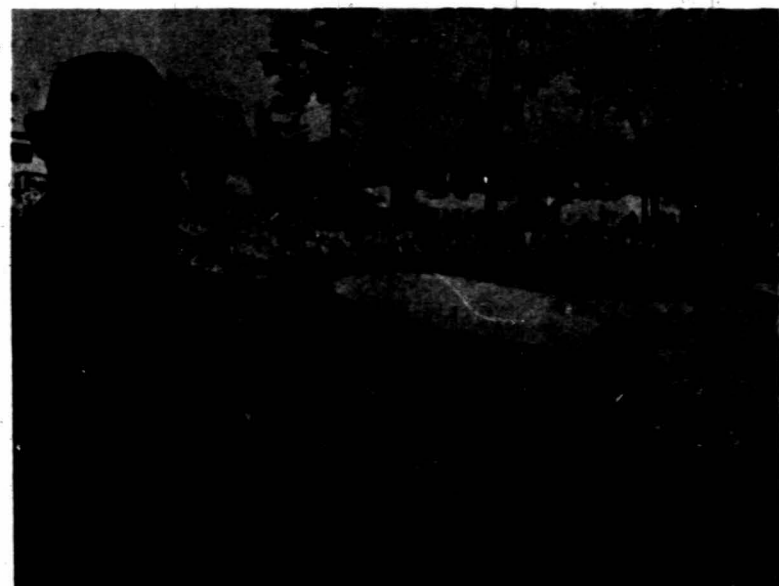

Considering the number of new members and others who are comparative newcomers to the commission, Mrs. Faul set a study session for next Thursday evening, 7:30 p.m., in city hall. At this time policies and budget will be discussed and the role of this commission determined.

Julian P. Graham Studio Photo

MAY I HAVE YOUR AUTOGRAPH?

Ray Bolger, who will return to play in next week's tournament, is shown at a former Crosby Clambake giving autographs to young admirers clustered at the first hole of the Pebble Beach course.

Julian P. Graham Studio Photo

THE HOST

Bing Crosby, host for the 26th Pro-Am Tournament, January 19-22, watches the finish of a previous tournament at the Pebble Beach Golf Course 18th hole.

Suburban Area Council To Work On Reorganization

The Carmel Suburban Area Council will be reorganized to include representation from all subdivisions within Monterey County Service Area No. 43 was the unanimous decision of 22 persons present at a meeting of the council Monday night in the Mission Ranch banquet hall.

Appointed by Chairman John S. Coates was a reorganization committee to meet with him this coming Monday in the same place at 7:30 p.m. Members are Harold Arnot, H. P. Seymour, Egon C. Durr, Louis Breuner and Dan Daly.

Decided, too, was that an estimated 1,500 property owners will be notified of all future council meetings following authorization of release of a list of landowners in Service Area 43 by the county board of supervisors. Subdivisions included in the reorganization will be Carmel Point, Mission Tract, Mission Fields, Hatton Fields, Ranch Rio Vista, Carmel Hills, South Carmel Hills, Carmel Knolls, Walker Tract, Hacienda Carmel, De La Mesa Carmel, High Meadow, Carmel Views and Carmel

Woods. Proposed Monday night was that each of these areas have representatives on the Carmel Suburban Area Council. Purpose of the council will be to deal with matters relative to all unincorporated areas surrounding Carmel.

Coates agreed to continue as chairman pro tem and his wife, Sue, as secretary pro tem, during a minimum period while reorganization is being accomplished. Both declined to continue in the offices they have held for two years. No person to fill these positions was forthcoming Monday night.

In a report to the council, Mr. and Mrs. Coates pointed out what (Continued on Page Sixteen)

MPC INCOME TAX COURSE

A non-credit course on income
tax forms will be offered January
19 through February 23 at Mon-
terey Peninsula College.

The class, to meet Thursdays,
7:30 to 9:30 p.m., in the MPC li-
brary lecture hall, will be open to
all, free of charge. No registration
will be required.

Rolling Comedy At Studio Theatre

"A Funny Thing Happened On
The Way To The Forum" at the
Studio Theatre and Restaurant is
still moving at a fast pace which
will hold your interest. Although
you may not go home whistling
any of the tunes, Leslee Stanton
does a dance any young bachelor
could well remember. It is probab-
ly better if the married men don't
look.

Dick Bird sparks the acts with
an assured clear diction which
keeps everything well tied togeth-
er. Buck Buchanan as Senex per-
forms his song and dance with
very good rhythm. Ed Shinbrot as
Lycus is really repulsive. The en-
tire cast performs with an enthus-
iasm which is enjoyable. The play
will continue Fridays, Saturdays
and Sundays through January.

"YOU HAVE A PURPOSE"

Everyone does. It's spiritual, it's demanding, exciting,
and it's invariably good... It brings new discoveries of
what God is, and what man really is — finding fulfillment
in a life directed by divine Love. Hear this one-hour lec-
ture "You Have a Purpose" by JOSEPHINE H. CARVER,
C.S.B., of The Christian Science Board of Lectureship.

ADMISSION FREE • EVERYONE IS WELCOME

EASTWOOD TO ATTEND CARMEL PREVIEW

By DUKE EVERTS

"A Fistful of Dollars," starring Clint Eastwood, will be sneak pre-
viewed Tuesday at 8 p.m. in Carmel's Village Theatre for the benefit of
the Cobalt Cancer Fund of the Community Hospital. The showing has
been arranged under the auspices of the local Elks Lodge No. 1285 with
the cooperation of United Artists and Eastwood, who will be present.
The star is a member of the local lodge. He appears, above, with Mar-
ianne Koch in a scene from the movie.

In an exclusive interview, East-
wood said that this picture is the
start of a brand new career for
him. He has gone from being "good
ole Rowdy" of television fame in
"Rawhide" to a bright star on the
cinema horizon as a result of this
movie. He is already Europe's top-
ranking actor in his field. In fact,
the only actor that tops him in

Europe is Marcello Mastroianni.
The part he portrays in "A Fist-
ful of Dollars" is far different from
his role in "Rawhide." He is prob-
ably the most dangerous man who
ever lived.

In real life, however, he is a
mild-mannered, soft-spoken, con-
genial man in his mid-thirties. He
is married to the former Maggie
Johnson, a lovely blonde from

Southern California. They reside in
a beautiful hillside home in Sher-
man Oaks, and have a second home
in Pebble Beach. Recently the
Eastwoods purchased a acreage
south of Carmel Highlands along
Malpas Creek and will probably
build a ranch home at that loca-
tion, something they have long
wanted. Both of the Eastwoods are
extremely fond of the Monterey
Peninsula. When they are not out
of the United States or busy in
Southern California, they head
straight for their Pebble Beach
home and their many friends in
this area.

The donation for the showing of
"A Fistful of Dollars" will be \$5
per person. Tom Graff, managing
owner of the Village Theatre, has
provided the theatre and staff free
of charge so that all proceeds will
go to the Cobalt Cancer Fund.

LINES FROM

THE STUDIO

Is it fair? That is, to welcome so
many repeaters to "A Funny
Thing Happened On The Way To
The Forum" when most nights
we're forced to turn away late-
comers who have yet to laugh at
it for the first time? To be sure,
Dick Bird as Pseudolus, Buck Bu-
chanan as Senex, Ed Shinbrot as
Lycus, Milton Hayes as Hysterium,
Eliane Yates and Robert Dreggers
as the lovers, Mona Fletcher as
Demina, Don Chambers as Miles
Gloriosus, Jim Scott as Errenius,
our versatile Proteans and our daz-
zling chorus girls make a second
hilarious visit all but mandatory.
Hence the seats for our remaining
Friday, Saturday and Sunday per-
formances are dwindling down to
a precious few, but don't panic.
Just rush to the phone! Dinner
and show \$6, show alone \$3.

Dr. Menneken Tells Rotary Club Of Marine Business Opportunity

By ALLMAN COOK

Opportunities for Monterey Peninsula businessmen in the field of an expanding marine economy were emphasized by Dr. Carl E. Menneken when he spoke to the Carmel Rotary Club last week. He is dean of oceanic research administration at the Navy Postgraduate School.

Dr. Menneken referred to the explosion of interest and expenditures in space and stated that we are now in the beginning of a similar experience under the ocean surfaces which cover four-fifths of the face of our planet.

He said that, right now, there are a large number of governmental agencies setting up new groups, each supported with sizable budgets, to develop the ocean medium. There are representations from the departments of defense, commerce, interior, treasury, health, education and welfare as well as executive and legislative. These are supplemented by private industrial and commercial companies expending their funds to exploit the opportunities they see in this field. Dr. Menneken said these involve aircraft companies, Kaiser, General Motors, Philco, G. E., Westinghouse, Hewlett-Packard, Varian and many more. He said the Navy Postgraduate School is rendering a vital service to the Navy and will attract others who will strengthen the program. We also have on the bay Stanford University's Hopkins Marine Station, and the State College Moss Landing Research Center. He forecast the probability that U. C. at Santa Cruz will be involved, before too long.

Dr. Menneken said that we see the evidence of all this activity in new deep submergence vehicles such as the Alvin, Aluminaut, Perry and others, floating drilling rigs which, it now appears, may be possible to be erected on the ocean floor as proven by Sea Lab's experiments. There men have been living and working at great depths for sustained periods of time. Diamonds and other minerals are now being mined from the ocean bottom and conversion of sea water is economically producing a half pound of magnesium per 50 gallon drum of sea water. Algae and seaweed are being converted to flour and iodine, scrap fish fertilizer, and marine agriculture will thrive as demonstrated in the field of pearls.

According to Dr. Menneken, Monterey Bay has the only good potentials for harboring deep water vessels between San Francisco and Long Beach. This means great fleets of commercial vessels as well as recreational boats will be attracted more and more to this area. They will need suppliers of food, laundry, ship equipment, repair and design facilities, scientific instrumentation, even shore transportation and amusements.

Other attractions of this area for these ships include the fact

that it is one of the few places in the world where deep water can be reached within 30 minutes of shore. The arms of land around Monterey Bay are excellent natural sights for cross bearings and establishing a definite location on a bouncing ship. He said, for example, in doing undersea exploratory work off Australia they had to take cross bearings on radio broadcasts from England and Hawaii which resulted in a location accuracy of possibly one mile.

For our community leaders, he said, here is the opportunity to further encourage an industry in this area that offers above-average salaried employees, has a high unit cost, is not unsightly nor given to producing smog, unpleasant odors or noises.

Audubon Wildlife Film January 18

"Canada's Mountain Wilderness" by Edgar T. Jones is the third in a five-part series of Audubon Wildlife Films being presented by the Pacific Grove Museum of Natural History. The personally narrated film will be shown on January 18 at 8 p.m. in the Pacific Grove Junior High School auditorium, 835 Forest Avenue, Pacific Grove.

SPRUCE GROUSE

Jones was born in Moose Jaw, Saskatchewan. He developed a keen interest in wildlife and the outdoors from an early age. He is experienced as a photographer, naturalist, pilot and artist and has traveled many thousands of miles throughout the Canadian wilderness, even into and beyond the Arctic Circle, studying and photographing wildlife and natural phenomena.

"Canada's Mountain Wilderness" is a product of some of Jones' experiences. While showing the Canadian Wilderness in all of its glory, the film will present closeups of mountain sheep, goats, smaller mammals and the birds which inhabit such environs, including closeups of the rufous hummingbird filmed within 18 inches of the nest.

Admission to the film series is by season ticket or by single purchase at the door at the following rates: Adults \$1, students and active military 50 cents.

Thrift Shop Earns \$24,562 For MPVS

Claude Faw, distinguished civic benefactor and long time Carmel resident, opened the Monterey Peninsula Volunteer Services' meeting on January 6 with a showing of colorful pictures taken by him at various House and Garden Tours sponsored by the organization.

During a discussion period, concerned with proposed projects to be undertaken this year, a majority vote expressed the desire of the membership to resume the presentation of a House and Garden Tour some time in the early Spring. This will be the principal large scale project for the year 1967.

After thanking Mr. Faw for his kindness and generosity, Mrs. Howard Healey, president, thanked Mrs. Guy Hanlon, hospitality chairman, for the morning coffee which featured a setting of large white chrysanthemums arranged in an Oriental motif by Mrs. Clare Appleby.

Mrs. Margeret Mann, recording secretary, read the minutes of the December meeting; a financial report was presented by Mrs. Minna Goodwin, acting treasurer. Mrs. William F. Pratt, finance chairman, discussed the 1967 operating budget and procedures to be followed by the finance committee during the coming year.

Reported by Mrs. J. B. Farrior as net earnings at the MPVS Thrift Shop during the last fiscal year was the sum of \$24,562.68. Mrs. Farrior emphasized the need for an uninterrupted flow of merchandise to be processed and sold at the shop. In order to facilitate the collection of this merchandise, a pick-up committee has been organized under the chairmanship of

DANGEROUS DOLLS

Fire Inspector Lee McGuckin of the Carmel Fire Department, above, holds two dolls that have highly inflammable faces which also give off toxic fumes. Over 54 of these foreign import dolls have been located in Carmel. Thousands were sold in this country and the U. S. surgeon general requests that all such dangerous dolls be returned to the distributor. The fire department will be glad to have anyone unsure about a doll telephone to obtain advice.

Mrs. W. D. Godwin, (624-7949), who will collect donations in the Pebble Beach area. Other members of this committee are Mrs. C. E. Howland, Pacific Grove, (375-1359); Miss Gertrude E. Rendtorff, Carmel, (624-3132); Mrs. C. L. Underwood, Carmel Valley, (659-4559); and Mrs. A. B. Holdridge, Seaside, (394-4220). Arrangements for pick-ups can also be made by phoning the Thrift Shop (394-5028).

Mrs. Farrior further stated that the Thrift Shop will emphasize co-operation and coordination of facilities with local agencies this year. Seasonal and holiday displays will be featured and a special department offering original

gifts, apparel and needle work, created and executed by members of MPVS, will be added to the shop.

In addition to her staff of elected officers, Mrs. Healey will be supported by a board of chairmen which will include Mrs. Edward P. McMurtry, courtesy; Mrs. Thurman H. Bane, membership; Mrs. Frank Lang, office and supplies; Mrs. Guy Hanlon, hospitality. All phases of publicity will be coordinated by Mrs. J. Arthur Weeks.

Pine Needles

Former First Sacker Here

Former major league baseball star Hal Trosky and Mrs. Trosky returned to their home in Cedar Rapids, Iowa, Tuesday after a five visit here with their son and daughter-in-law, the Lynn Troskys and their family. A wizard first baseman, Hal spent 11 years with the major leagues, including the Cleveland Indians and the Chicago White Sox, and still holds some records for the Cleveland team.

One special reason which brought the visitors to Carmel was Hal's namesake, Adam Harold Arthur Trosky, who celebrated his first birthday December 28. Two other reasons were Adam's sisters, little Eryn and Domine.

December Nursery Additions

The population of Carmel and its surrounding areas was increased last month by the following arrivals at Community Hospital.

A son, Adam Thomas, to Mr. and Mrs. George Murphy, on December 5.

On December 8, Mr. and Mrs. Alvin Brede also welcomed a son, Erik, and Mr. and Mrs. John Hutchinson's baby, Joseph, was born December 11.

It was a daughter, Regan Whitney, for the James Enlows on December 18; a boy, David Douglas, for the Michael Carters on December 20. Both families live in Carmel Valley.

The Lee McGuckins added twins to their family on December 22. They are Donald Lee and Jona-

than Lee.

And last, but certainly not least, Mr. and Mrs. Charles Smith have a new son, Andrew Kelley, who was born December 27.

Walter Joseph Crosby made his appearance at Monterey Hospital on December 21. His parents are Mr. and Mrs. Donald Crosby of Pebble Beach.

Future Residents

If fortune smiles as happily on Dr. and Mrs. Richard B. Sarver as they did when seen here during their honeymoon, Carmel will eventually have, as residents, a new surgeon, his attractive wife and their two colliers. Because Dr. and Mrs. Sarver, the former Elizabeth Jean Kerns, both have been frequent visitors here, they chose the chapel at Highlands Inn for their marriage on December 28. The Reverend Harris Pillsbury performed the late afternoon ceremony.

The bride, daughter of Mr. and Mrs. E. R. Kerns of Bettendorf, Iowa, is a graduate of the University of Colorado.

Her new husband is the son of Mrs. Elizabeth Sarver of Pittsburgh, Pennsylvania. He holds degrees from the University of Pittsburgh, Hahnemann Medical College and Hospital in Philadelphia and Harvard University.

Before returning to Rancho Santa Fe, the Sarvers explored the surrounding areas in search of a "horsy" plot with a small house which they can some day call home.

Dagmar Looks Forward

As 1966 came to an end, Dagmar Raphael looked back with understandable wistfulness on her European travels of last summer but, with her usual enthusiasm, also looked forward to future adventures. When she leaves Carmel next spring Dagmar plans to visit the Greek Islands, especially Rhodes and Crete, as well as Lebanon, Egypt, Israel and other mid-eastern countries.

Shunning taxis, she walked, on her last trip, through the cities, villages and areas she chose to see, finding each fascinating in its own way. When transportation was a must, she traveled by street-car, bus, train or boat except for a few long flights. A few highlights of her week in Holland were the Rijksmuseum and Rembrandt's house in Amsterdam, a trip over back roads and past myriads of flower gardens to Rotterdam, where she cruised the huge harbor and marvelled at the 500 foot high Euromast.

Bonn, Dusseldorf, Cologne's beautiful Renaissance cathedral, castles on the Rhine all lit up at night, vineyards and the preparations for grape festivals were all a part of the German scene. After a week in Weisbaden, she didn't want to leave. She loved Heidelberg and was fortunate to see the library in the old university which she described as being as beautiful as a great church. With an unusual grasp of history, Dagmar was able to appreciate and absorb all she saw in those countries as well as in Switzerland and, particularly, Italy. The same strong sense of history pervaded her stays in Milan, Florence and Rome and their surrounding areas, also determined her goals for future journeys.

Summer Wedding Ahead

During the Christmas holidays, Mr. and Mrs. William J. Sadler of Greenbrae announced the engagement of their daughter, Beverly Jean, to Roy Walters Prowell Jr., son of Professor and Mrs. Roy Walters Prowell of Pebble Beach.

Miss Sadler is the sister of Robert N. Sadler of San Jose and the granddaughter of Mrs. A. N. Sadler and William Ashby, both of San Francisco.

A graduate of Redwood High School, she attended the University of California at Berkeley and is now enrolled in the School of Dental Hygiene, UC Medical Center in San Francisco. A senior, she is president of her class, also a member of the California Club.

The future benedict has one sister, Mrs. Jack Duncan Arnold of Mill Valley. He is the grandson of Mr. and Mrs. Harrison H. Prowell of Harrisburg, Pennsylvania.

"Wait," as he is known to family and friends, spent a year at the U.S. Air Force High School in Ankara, Turkey, later graduated from Carmel High School. He completed his studies at the University of California at Davis, where he was a member of Theta Xi fraternity, and is now majoring in orthodonture at UC Medical Center Dental School. He is a Regent Scholar and a member of Psi Omega dental fraternity.

The couple's wedding will take place next summer after Miss Sadler has received her B. S. degree.

—Julian P. Graham Studio Photo

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Paul Laver Benson of Yuba City have announced the engagement of their daughter, Michelle Yvonne Benson of Honolulu, and Lieutenant Michael Mark Raggett, USN.

Michelle is the sister of Cheryl, Mark and Paul Benson of Yuba City. She is a graduate of the Yuba City Union High School, received her AB degree at the University of Pacific and took graduate work for her teaching credentials at San Francisco State College. Currently she is teaching at Iroquois Point Elementary School at Ewa Beach, Oahu, Hawaii.

Mr. and Mrs. Wiley B. Benson of Abilene, Texas, and Mr. and Mrs. Prentice J. Delaney of Orem, Utah, are her grandparents.

Mr. and Mrs. Mark Joseph Raggett of Pebble Beach are Lt. Raggett's parents, and he has a brother, Jon, a graduate of Princeton now taking graduate work at

Stanford. His grandparents were the late Mr. and Mrs. Martin Raggett of San Francisco and the late Judge and Mrs. Dana Thomas of San Jose. A graduate of Carmel High School and the United States Naval Academy, he is now serving on the U.S.S. Plunger, a nuclear powered attack submarine based at Pearl Harbor.

Michelle and Michael came home for the holidays to announce their coming marriage for which no date has been set.

USC Dean to Visit

Among guests of Dr. and Mrs. Harry Lusignan at their Pebble Beach home during the annual Crosby tournament will be Dr. Ray Kendall, dean of the school of music at the University of Southern California, and Mrs. Kendall, whose son is enrolled at Robert Louis Stevenson School.

Mrs. Lusignan's son, Jimmy Hatto, who graduated from RLS last June, is now studying music at USC.

Refreshing Holiday

Mrs. Ruth Galvin Thornburg is back at the head librarian's desk at Harrison Memorial Library after a three-week vacation. She enjoyed Christmas at the home of her mother, Mrs. Jack Galvin Sr., in Hampton, Iowa, where they

were joined by Mrs. Thornburg's son, Jack, professor of linguistics at Florida State University. After the holiday, the Carmel librarian and her son flew to New York City. There, days were filled with tours of art museums and galleries, evenings at the theatre.

Gosling DAR Speaker

The Commodore Sloat Chapter of the Daughters of the American Revolution will hold its January meeting on Tuesday at All Saint's Church in Carmel at 2 p.m.

John Gosling, conductor of the Monterey County Symphony Orchestra, will be the speaker.

Hostesses for the afternoon will be Mrs. J. Randolph Kennedy, chairman, and Mrs. Francis Houghton, Mrs. Lloyd V. H. Armstrong and Mrs. Carl E. Menneken.

Old World Charm

L'Alliance Francaise Tea

Mrs. Theodore Bradley will be the hostess for a French conversation-tea for members of l'Alliance Francaise of the Monterey Peninsula at 3 p.m. on January 18. Dr. and Mrs. Bradley's residence is on Scenic Road at Ocean Avenue. Members are asked to make early reservations with Mrs. James Hathaway (372-1138) or Mrs. Russell Cadle (375-9242).

Panhellenic Birthday

Members of the Monterey Bay Panhellenic Association will meet at 7:30 p.m. Wednesday at the home of Mrs. Robert Petersen, 599 Colton, Monterey, to celebrate the group's 13th birthday, also to elect new officers and formulate plans for Spring events. Dessert will be served before the business meeting. All alumnae of national panhellenic sororities are welcome.

Joan Peacock, president, will preside. Other officers include Mrs. Petersen, Mrs. Thomas Barba, Mrs. George E. Toole Jr. and Mildred Koch.

Among the organization's activities are educational projects, scholarships to deserving students, civic affairs and philanthropy.

Ring in The New

Many couples and families observed the coming of the New Year in relative peace by their firesides, others, during the long holiday weekend, attended delightful festivities among which were cheer and chowder at the home of City Clerk Hugh Bayless and his wife, Kitty... later, music, poetry and readings occupied congenial guests.

The Don Crileys and a few dexterous helpers made 199 tamales as well as beans "weeth" cheese to serve to a host of friends who gathered at the Crileys' Carmel Meadows home to raise a champagne toast to 1967. Young Don, Ted and Megan Criley and Jody Short were enthusiastic butlers during the evening. A number of the guests adjourned later to the Dan Jameses' Highlands residence.

Mexican fare was also offered at the Carmel Point home of Mr. and Mrs. Mike Morales and their son, Albert Saldana, whose friends danced away the hours in the gaily decorated house. Assisting Mrs. Morales in preparing the feast of tamales, pozole, chile verde and other exotic dishes were her sister, Concha Torres, also her cousin, Mrs. Emma Bertani of San Francisco, who was visiting over the holidays. To the joy of everyone, late arrivals were a group of friends, mariachis all, who made the rafters ring with Latin-American songs.

Several generations mixed happily at the home of Dr. and Mrs. John Faia Jr., where a midnight buffet climaxed the evening.

Many of the "kids" with whom Sam Farr grew up in Carmel were unable to be here but he entertained many others at a party at the home of his father, former Senator Fred Farr. Though there were sentimental reminiscences aplenty, they in no way marred the group's happy reunion.

Another youthful and exuberant party which kept toes twinkling until the wee hours was that given by David Roberts, who was assisted by his brother, Dio, here from Los Angeles for the holidays, and their sister Nancy. Ken and Dorothea Roberts are reported to have slept blissfully through the last six or seven hours of the young people's dance marathon.

A little imagination on the part of Mr. and Mrs. Hans Von Richter produced a fine celebration for them and three other compatible couples. The group met for cocktails, at the Von Richters, then dined at the Studio Theatre to see the hilarious performance of "A Funny Thing Happened on the Way to the Forum." After parting briefly to drop in at other parties, the group met again at the Robert

Works' residence to chat and listen to music (including Guy Lombardo!) until dawn. One couple, Fred and Pauline Stanley, enjoyed an exotic midnight supper at the home of Turkish friends. The remaining couple was the Rod DeWares.

After cocktails, guests of cartoonist Frank O'Neal and Mrs. O'Neal dined on wild boar and other delicacies offered on the festive buffet table.

Among the many open houses to which guests flocked on New Year's Day were those of the Ansel Adamses and the Rudolph Kochers in Carmel Highlands, the Howard Brunns, George Garreths, Paul Vial, Mrs. C. J. Spender, all of Carmel, and in Carmel Valley the welcome mat was out at the home of the Ed Dentons, among others.

Art News...

The fourth Annual Religious Art Show, sponsored by the Catholic Chapel Guild of the Naval Postgraduate School is scheduled to open January 30 in the NPGS ballroom and will run through February 12. Hours for public viewing will be noon until 9 p.m. daily.

Open to all forms of nondenominational art, painting, sculpture, graphics and crafts, the total awards for this years show will be \$600.

Judges for this year's contest will be Ninfa Valvo, director of special art projects at Stanford University and former curator of the De Young Museum; Gordon Woods, sculptor and artist in residence at the University of California at Berkeley; and Donald Weygandt, painter and member of the faculty of the San Francisco Art Institute.

Each artist is limited to two entries and the size limits for the

entries are six feet by four feet for sculpture and 48 inches by 72 inches, including frame, for other art forms. Paintings must be dry, framed and, if watercolors, glassed.

Local contestants can deliver their entries to the Postgraduate School ballroom on January 20 and 21 from 10 a.m. to 5 p.m.

Every precaution will be taken to insure the safety of the entries but neither the Chapel Guild, the Postgraduate School nor the United States Government shall be held liable for any loss, theft or damage.

Friends of Wayne Dye will be interested to see that this artist, seriously injured in an automobile accident, is once more painting and has a picture on exhibit in the current show of members' work at the Carmel Art Association Gallery.

Mrs. Mitchell

Funeral services for Mrs. Elizabeth Mitchell, who died in a local hospital January 3 after a lengthy illness, were held January 5 at Mission Mortuary, with the Reverend David Hill of All Saints' Episcopal Church officiating. Private inurnment followed.

With her husband, Martin Mitchell, she was a resident of Carmel for the past 17 years. A native of Scotland, she was born June 12, 1880.

In addition to her husband, she leaves three sons, Donald S. Mitchell of Livermore, Franklin B. Mitchell of Oakland and Martin H. Mitchell of Los Angeles. She was the mother of the late Mrs. Mary Kuhlmann.

Mary Coats

Private services for Mrs. Mary Lillian Coats, 79, who died January 4 in a local hospital after a brief illness, were held Friday of last week in the Mission Mortuary, with the Reverend Robert Tarr of the First Methodist Church of Monterey officiating. Inurnment took place in El Carmelo Cemetery Columbarium, Pacific Grove.

A Peninsula resident for the past 50 years, she was born in Methuen, Massachusetts, January 19, 1887.

For a number of years since her husband, the late A. B. Coats, died in 1949, she had made her home with a daughter, Mrs. Margaret Houk of Carmel.

In addition to Mrs. Houk, Mrs. Coats leaves three other daughters, Mrs. George Matthews of Monterey, Mrs. Adelaide Thomas of Sacramento and Mrs. W. W. Stevens of San Francisco; a son, Gordon Coats of Seaside; nine grandchildren and 16 great-grandchildren. A son, Orville, died in 1959.

Gaylord Martin

Funeral services were held Friday at All Saints' Episcopal Church for Gaylord Nimmo Martin Sr., 76, who died January 4 at his home on Junipero at Tenth.

Mr. Martin, a native of Green Island, New York, was a resident of Carmel for the past six years. He was a former employment manager with Douglas Aircraft Corporation.

He leaves two sons, Gaylord N. Martin Jr. of Sepulveda and John P. Martin of Los Angeles; two brothers, Walter G. Martin of Sepulveda and Ernest Martin of Troy, New York; and two grandchildren.

Private inurnment took place in Inglewood Park Cemetery, Inglewood. The Paul Mortuary was in charge of local arrangements.

What's Going on Here?

by B. ROWE

CARMEL FOUNDATION

Town House

Wednesday Programs—On January 18 at 3 p.m., Arthur Porter of Carmel will give readings from "Answer Without Ceasing" by Margaret Lee Runbeck.

Tours—on February 10 to 13, a theater and weekend cruise on the Lurline to Los Angeles. Bus leaves Carmel at 2 p.m., Friday. Stay at Stewart Hotel in San Francisco. Attend Curran Theater, showing "The Impossible Years" starring Sam Levene. On Saturday, transportation to Pier 35, board the Lurline and sail for Los Angeles arriving Sunday morning. A tour of Universal Studios and Descanso Gardens, thence to Santa Barbara for overnight stay at Lemon Tree Lodge. Home to Carmel, Monday. Cost \$175 inclusive.

HACIENDA CARMEL

Among the many New Year's Eve festivities at Hacienda Carmel was an impromptu dancing party held in Casa Fiesta. Light refreshments were served and some 60 persons danced to the music of Bob Warren and his combo. Following the happy evening, residents strolled homeward, with no need to confront holiday traffic. A nice idea that just might take on and grow in the future.

The January 18 meeting of the Casa Lobos Luncheon Club will feature the use, pollution and conservation of water—a subject of constantly rising importance to residents of California and the world. A. Kenneth Fuller, general manager of the California American Water Co., will be the headlined speaker.

On January 9, a group of 80 or more interested residents attended the first meeting of the newly organized National Parks Study group. C. Edward (Ned) Graves, lifetime conservationist and photographer of the "National Park Scene," led discussion of the beauties, opportunities and problems of our national parks.

FOREST HILL MANOR

MANOR-ISMS, published by and for members of Forest Hill Manor, had an especially interesting issue for December. It was devoted almost entirely to a symposium on "Christmas In Other Lands." Each section was written by a member, who had spent the holiday in some distant land, and told of traditions, customs and personal experiences. There were interesting sketches of Christmases spent in England, Switzerland, China, Japan, Korea, France, Mexico, Hawaii, the Philippines, Romania and Iran. Following a Christmas message by George Warner, director of Methodist Homes, the closing item was a touching comment on the first Christmas in Bethlehem by the Rev. Wendell Ensor, minister of the First Methodist Church, Pacific Grove.

CARMEL VALLEY MANOR

On February 7, the annual White Elephant Sale will be held at the Manor. The residents all participate and donate gifts for this event. The money collected goes to the Store, Medical Center or wherever needed. There is always a good turnout and a pleasant time is enjoyed by "sellers" and "buyers." Miss Irene Ringheim and Miss Alice Ringheim are co-chairmen of this event.

CANTERBURY WOODS

"Theater at Canterbury Woods" will have its first meeting on January 19. Mrs. Bell, assistant administrator, has just consulted with others interested in promoting this idea. Instant enthusiasm was noted when the idea was introduced. Residents will not only take part in the plays but write them as well.

The Art Shop group has many novel plans for the coming year. It convened for its first meeting yesterday.

On Tuesday, Mrs. Lillian Grace Paca, chairman of the Writers Group, called for its first meeting of the New Year.

PINPOINT PROFILE

Ralph Hunner

From my vantage point in their cozy living room at Hacienda Carmel, I could see a plaque in the

garden which read "The kiss of the Sun for pardon, The song of the Birds for mirth, One is nearer God's heart in a garden, Than anywhere else on earth."

Ralph and Marguerite Hunner met in the little town of Carlew, Washington, where she was visiting friends. Soon after they were married. The year was 1912. As a young man Ralph went into construction work right after high school. Later, however, he took a college course in engineering which proved advantageous as the years progressed.

His life has always followed a definite pattern since all of his occupations included wood in some form or another. For some time he was engaged in the forestry service. Later he cruised timber, working in the lumber camps and the sawmills of the Northwest. Over a period of years, Ralph built creosote treatment plants for the L. D. McFarland Co. which bought, sold and creosoted its own timber. The creosoted cedar poles were used primarily by utilities companies. Ralph acted as sales manager for the company while simultaneously building plants in Minnesota, Montana and Oregon.

Seven years ago he retired at the age of 70. Before coming to Hacienda Carmel two years ago, Mr. and Mrs. Hunner lived in Spokane, Washington. Their family consists of three children and nine grandchildren, some of whom live in the great Northwest.

"That's where the good fly fishing is at it's best," says Ralph.

A rugged outdoor man, he still makes a yearly pilgrimage to his favorite fishing spots up north. Camping and fishing constitutes healthful therapy for the tired business man, according to him.

"I remember an executive of one of the largest firms in the U. S.," he continued, "who was so tired he was a nervous wreck. One day I asked him if he would care to accompany me on a fishing trip for two weeks. He accepted. When we first started out I was somewhat concerned because I did not know, for sure, if the poor fellow could make it—he was shaking so much. But after two or three days he calmed down and when the trip had lasted for about ten days he was an entirely different person. I asked him if he had solved any of his problems while we were out there in that beautiful country. His answer surprised me. He said 'I haven't even given them a thought' and sheepishly he then added, 'I haven't even thought of my wife.'"

His wife, Marguerite, is a member of Delta Gamma and has been for over 50 years. She told me about the grandchildren—every one of whom is interested in the great outdoors and all the sports that go with it—skiing especially.

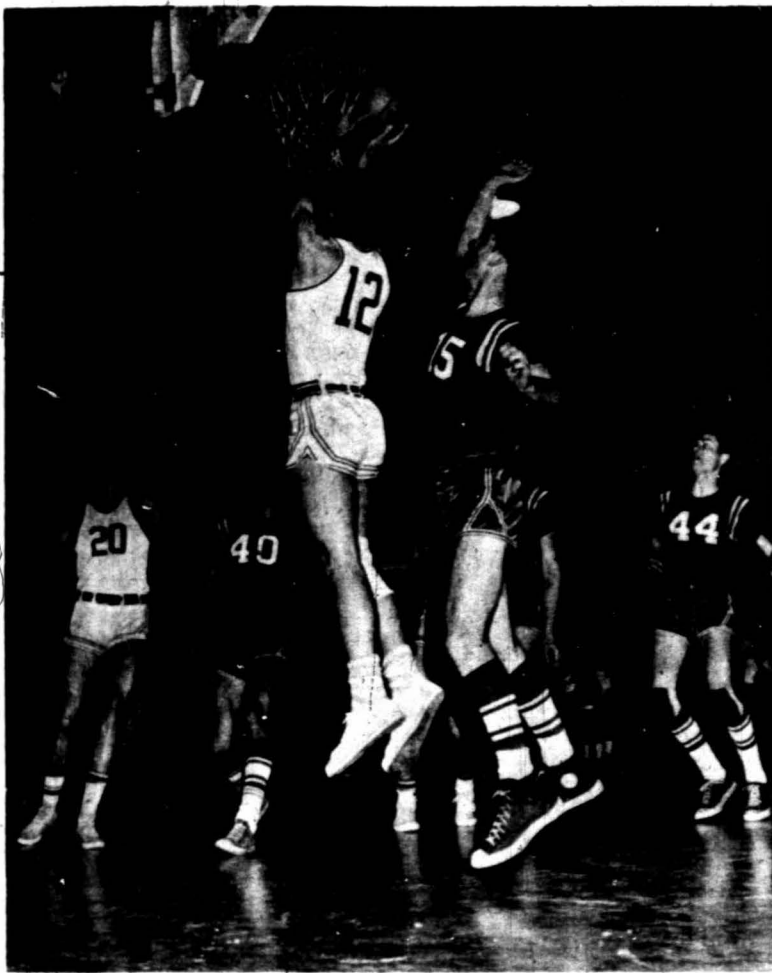

Robert, oldest of the group, is a junior at the University of Indiana. David, the youngest of the clan, is very handy with tools and enjoys making things out of wood. (May we say, he is a chip off the old block!) This lad is blessed with the creative ability so apparent in his granddad. After school you would find him at Granddad's side learning the technique of using dowels, electric saws and so forth.

Since coming to Hacienda Carmel, Ralph has found other men with a common interest in woodcraft. They retreat daily to the Woodworking Shop which they have officially dubbed The Termite Shop. What they create is fabulous.

When a man can bring home to his wife a lovely solid walnut cocktail or drop-leaf table, I would say he is bordering on the professional. Under the watchful eye of Ralph Hunner, numerous Christmas gifts were produced in the Termite Shop this year. Almost daily he is approached by someone wanting advice on one problem or another and he is delighted when he can help him solve it.

The Tigers (men's group) play almost daily at the Carmel Valley Golf and Country Club. Ralph joins them twice a week. The rest of the time he is right where you would expect to find him—in the Termite Shop.

It was in the little town of Republic, Washington, that Ralph grew up. It was far removed from bigger towns and everything had

George T. C. Smith Photo

CARMEL-HOLLISTER GAME

Carmel High School Varsity Player Rick Oleson (No. 12) jumps for a tally in last Friday's basketball game against the Hollister High Varsity. Watching is his teammate, Terry Mosolf (No. 20). Final score was 82-45 in favor of Carmel. Carmel's Junior Varsity was defeated 62-51 by the Hollister JVs. Carmel freshmen came out on the short end of a 27-17 score in their game with Hollister.

to be freighted in—food, clothing, tools etc. One merchant had a pair of mules and occasionally he would make a trip of 60 miles or so and bring in a load of much wanted food. On one trip this enterprising

merchant brought in several cases of eggs, a truly scarce commodity. There was such a demand for them he sold the eggs for 25c each... thereby making a very neat profit.

Dr. C. A. Broaddus Memorial Service

A memorial service in honor of Dr. C. A. Broaddus will be held at the Mayflower Church, Central Avenue and 14th Street, Pacific Grove, at 3 p.m. on Sunday. All friends of the late Dr. Broaddus are invited.

It is expected that several distinguished friends from Stockton and the Monterey Peninsula will pay brief tribute to the idealism, organizing ability and devotion to the art of healing which were the outstanding characteristics of their esteemed colleague.

During a long life of service Dr. Broaddus, in addition to a large private practice, was instrumental in organizing postgraduate opportunities for practicing physicians. The first was the Stockton Post-Graduate Study Club, which he founded in 1925 and promoted for 25 years until he had trained his successor to carry on. Later, when the California Medical Association asked him to become director of postgraduate activities for the State of California, he originated the Two-Day Postgraduate Institutes, held in five different areas of the state. He also found time for inspiring work in Boy Scouting for 43 years.

In answer to inquiries: Anyone wishing to contribute to loan funds for medical students in memory of Dr. Broaddus may send contributions to AMA-ERF (American Medical Association Education and Research Foundation) in care of Monterey County Medical Society, Box 308, Salinas, or to Dr. Broaddus' medical school, Western Reserve Medical Alumni Fund for Student Loans, 2109 Adelbert Road, Cleveland, Ohio. These are affiliated funds, tax deductible.

SPONSORS CLUB IN VITAL ROLE

One of the wonderful groups that add to the strength of Stevenson School is the Sponsors Club founded in the early years of the school when mothers and faculty joined in planning a small bazaar to raise funds for "special" school needs.

As with everything at the school, the group has grown and the bazaar has become a tremendous undertaking that includes a student carnival and an open auction. There are also chapters organized for specific projects, such as the house tour of Hillsborough last Spring under the direction of the Peninsula Sponsors Club. This event, called "Hillsborough-in-the-Grand-Manor," was most successful and was sold out three weeks before the tour. Some \$4,000 was raised with this project alone.

Membership in the group now includes women on the faculty,

mothers of boys now attending RLS, mothers of alumni, wives of faculty members and "friends" of the school who share their interest by participating in club projects.

In addition to helping the school in many small, but important projects, the Sponsors Club plans and staffs the annual bazaar, carnival and auction held in the Spring. In certain areas the ladies lend assistance that only they do so well such as hosting programs like the art show held this Fall, or acting as a co-sponsor of the visit by the noted Japanese artists, Mr. and Mrs. Toshi Toshida.

Monthly meetings are held at the school. The meeting for January, held this week, was a planning session for the "Big Day" which will be March 11 this year. Heading the organization is Mrs. Tom Hudson, who promises another "outstanding" event for friends and guests of the school. Starting in the morning hours, the carnival and bazaar is already well under way by noon, with the auction taking up part of the late afternoon, usually after 2:30 p.m.

Mrs. E. A. Shattuck will be back again with her wonderful "garden of fresh vegetables." Mrs. John Brock and Mrs. Richard Cotchett have located some unusual antiques. Mrs. George McMahan, who will run the auction, has already recruited Supervisor Tom Hudson as one of the "callers." Donations of special products, like the wonderful Himalayan Packs, are starting to come in. All in all it looks like a wonderful day ahead.

In a "mini-preview" held this December, sweaters created by Mrs. George Ridgeway and Mrs. Thomas Bohman were featured, along with some interesting knittings.

Regular work sessions are now being held every Tuesday at the home of Mrs. Hudson. We will extend regular reports on their progress and try to "preview" a few items that will be available on March 11.

SPEAKERS PLACE

A small debate team participated in the Seaside tournament just after the holidays, taking third in sweepstakes, with the Junior Varsity team of Bill Hand and Bruce Decker tying for third place.

BASKETBALL BOUNCES

Eric Paulsen really put on a show last Friday as he dumped in 24 points to lead his JV teammates to a 40-33 win over Holy Cross. Jeff Erlandson led the Frosh-Soph team to an aggressive 39-27 win, while John Cann, despite his strong 15 points, was unable to score enough as the Varsity dropped its game 71-36. Two out of three, this time.

PENINSULA GOLF NEWS

by Raymond "Sonny" Braun

The Bing Crosby National Pro-Am Golf Tournament begins on January 19. Qualifying rounds for non-exempt professionals will be played at Pebble Beach golf course on Monday. Entry fee is \$25 and must be paid by 6 p.m. on January 13. Only members of the Professional Golfers' Association or approved P.G.A. players are eligible to enter the qualifying round. The number of spots available cannot be determined until after the San Diego Open which ends Sunday. Normally there are 10 to 15 spots available with about 100 professionals competing.

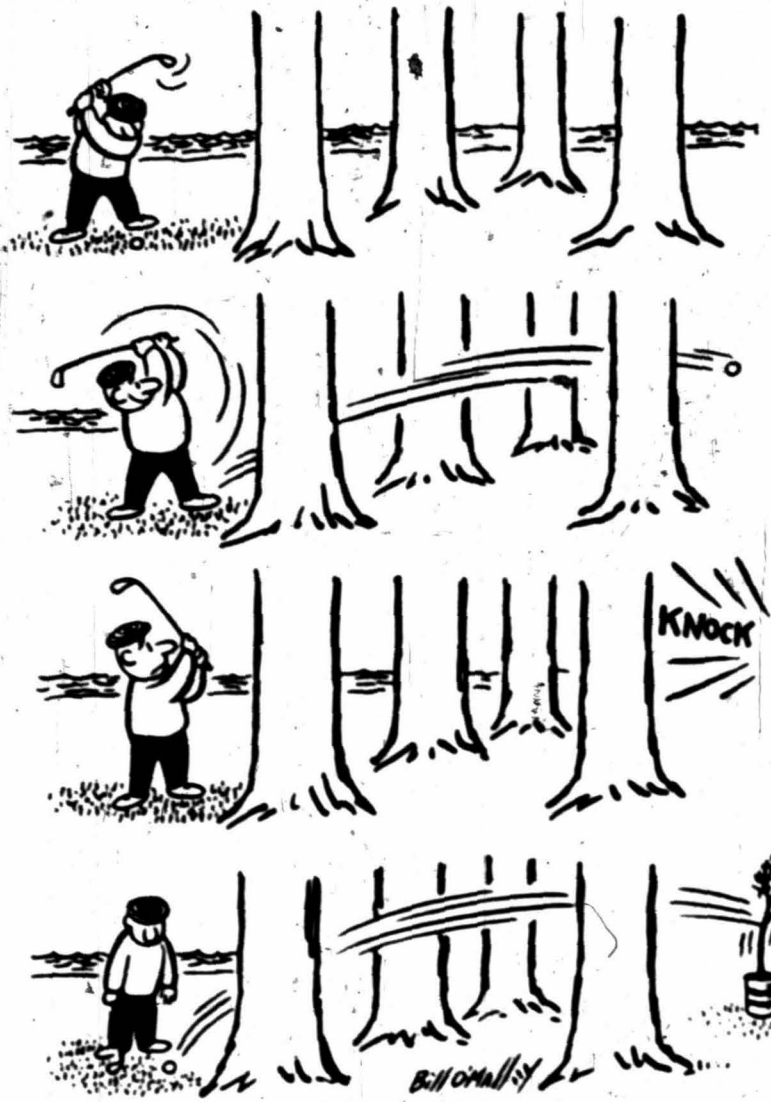

Ed Bedell, James Mustard, Carl Wester and T. M. Watt teamed up to win the monthly Seniors tournament at Monterey Peninsula Country Club. They finished up with a Net 55 in a Best Ball of Foursome tournament.

Mrs. C. J. Hunt won low honors on ladies day at Monterey Peninsula Country Club in an Odd or Even tournament.

Results:
1st Division (8-17)
Mrs. C. J. Hunt, Net 31½; Mrs. H. P. Smith, Net 35; Mrs. J. D. DeCosta, Net 35½.

2nd Division (18-19)
Mrs. Court Randolph, Net 36; Mrs. Frank Fee, Net 37½; Mrs. E. J. Singleton, Net 37½; Mrs. J. C. DeWitt, Net 39; Mrs. R. A. Woodard, Net 39.

TEERING OFF with Bill O'Malley

3rd Division (20-24)

Mrs. A. S. Frisvold, Net 35; Mrs. W. S. Johnson, Net 36½; Mrs. B. O. Rees, Net 37½.

4th Division (25-27)

Mrs. R. H. Allen, Net 33½; Mrs. D. McCartney, Net 37; Mrs. R. J. Miller, Net 38.

5th Division (28-32)

Mrs. R. H. Comley, Net 38; Mrs. J. A. McKay, Net 38; Mrs. C. Spangenberg, Net 39; Mrs. A. J. Cook, Net 41.

6th Division (33-36)

Mrs. J. N. Shepard, Net 39;

Mrs. F. V. Sloan, Net 39½; Mrs. E. A. Ruh, Net 42½.

CARMEL VALLEY GOLF NEWS

On Ladies Day at the Carmel Valley Golf and Country Club, the tournament was based on medal play against pro Ray Ricketts.

1st flight nets were Mrs. Joan Damon, 72; Mrs. Rod Wilson, 73; Mrs. John Rosendale, 73; Mrs. Arthur Reichert, 74.

2nd flight nets were Mrs. Geo. Hattie, 74; Mrs. Vern Larson, 74; Mrs. William Williams, 77; Mrs. Arthur Young, 78.

PUBLIC INVITED TO CHRISTIAN SCIENCE LECTURE

"You Have a Purpose" is the title of a public lecture coming to Carmel next Monday at 8:00 p.m. under sponsorship of First Church of Christ, Scientist, Carmel.

Josephine H. Carver, C.S.B., a recognized practitioner and teacher of Christian Science, will speak in the church edifice on Monte Verde Street near Sixth Avenue.

Mrs. Carver has been active in the Christian Science healing ministry for many years, and is now on tour as a member of the Board of Lectureship of The First Church of Christ, Scientist, in Boston, Massachusetts.

She is a graduate of Occidental College in Los Angeles, also holds a degree from Columbia University which she obtained after a period of study and travel in Europe.

The public is cordially invited to attend the lecture.

CHRISTIAN SCIENCE

The Christian Science Lesson-Sermon on "Life" next Sunday offers valuable guidance on youth problems. Both parents and young people will find helpful instruction on the value of time-tested standards of morality and respect for constituted law in living a useful and happy life.

The Lesson will bring out the Bible account of the early care and training of the child Samuel. The following passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be read: "The entire education of children should be such as to form habits of obedience to the moral and spiritual law, with which the child can meet and master the belief in so-called physical laws, a belief which breeds disease."

Anna Tye

Family services for Mrs. Anna A. Tye, mother of Ashton Stanley of Pebble Beach, were held on January 7 in the Little Chapel-by-the-Sea, Pacific Grove, with Dr. George Hunter Hall of Carmel Presbyterian Church officiating. Mrs. Tye died in a local nursing home on January 4 after an illness of several months.

A lifelong California resident, she was born in Oakland December 28, 1886. She had made her home in Tarzana before coming to live in Carmel Valley in 1962.

In addition to her son, Mrs. Tye leaves a granddaughter, Miss Margie Stanley of Pebble Beach.

Friends wishing to make memorial contributions may do so to the charities of their choice.

Burial took place in the family plot in El Carmelo Cemetery, Pacific Grove. The Paul Mortuary was in charge of arrangements.

'TATSU' AUTHOR GUEST SPEAKER

Helen (Mrs. Lawrence) Mears, author of the new children's book, "Tatsu," will be guest speaker at the first meeting of the year for the Delta Phi Upsilon alumnae association. Former college members are cordially invited to join this honorary group of early childhood educators for the brunch-meeting which will be held at 10:30 a.m. on Saturday at the home of Mrs. Arnold Green, 405 Evergreen Road, Pacific Grove.

Further information on this or other activities of the association may be obtained from its president, Mrs. Marcia De Voe of Carmel River School, whose residence phone is 624-3363.

CITY ADOPTS MARINE PLATOON

Carmel has adopted a platoon of U. S. Marines in Viet Nam. As the result of a letter from Lieutenant Timothy Sloat of Carmel, the city council took this official action last week. Sloat stated that some platoons serving in Viet Nam had been adopted by cities in the United States and received letters from citizens of these communities. He would be happy, he said, if his home town adopted his platoon. A 1960 graduate of Carmel High School, the young Marine officer is the son of Mr. and Mrs. Emery Sloat of Hatton Fields Mesa. Letters may be sent to 1st Platoon, Company D, 1st Battalion, First Marines, Fleet Post Office, San Francisco 96602. Sloat's father is superintendent of the state division of forestry district headquartered in Monterey.

Joseph Kittel

Private services for Joseph J. Kittel were held January 7 in the Little Chapel-by-the-Sea, Pacific Grove, followed by inurnment at the Chapel of the Chimes in Oakland. Mr. Kittel died in a local hospital earlier the same day after a brief illness.

A retired insurance broker, he was a resident of Pebble Beach and San Francisco. He was a native of New York City, born April 26, 1890.

Surviving is his wife, Mrs. Ellen C. Kittel.

The Paul Mortuary was in charge of funeral arrangements.

HIGH TWELVE PROGRAMS

Activities of the National Audubon Society, its history and purpose will be the subject of a talk by Captain Elgin B. Hurlburt, president of the society's local chapter, before the Carmel High Twelve Club at its luncheon meeting on Monday.

This week, High Twelve members had as guest speaker Edwin C. Coffin, Monterey County Superintendent of Schools.

OPERA WORKSHOP

The Monterey Peninsula Opera Workshop, under the direction of Nancy Ness Bowman with Camille Olaeta at the piano, resumed its rehearsals on Monday at 7:30 p.m. in the Music Room at Carmel High School.

In addition to the opera, "Cavalleria Rusticana," the workshop now will include in its repertoire highlights from "Carmen," also selections from other operas and some non-operatic music to suit various occasions. The opera workshop makes no charge for its concert performances. Leaders and performers alike donate their services in an effort to bring to Peninsula audiences a selection of the better music available.

Auditions of prospective members of the opera workshop group may be arranged with Mrs. Bowman (624-1072).

ALTAR SOCIETY SPEAKER

Wildflowers, also early botanists, of the Monterey Peninsula will be the subject of author-illustrator Beatrice Howitt, guest speaker at the January 12 meeting of the Carmel Mission Basilica Altar Society in Crespi Hall at 2 p.m.

TO ATTEND UNITARIAN MEETING

Members of the Carmel Church in the Round will be among those present at the Unitarian Church in Palo Alto when Donald R. Sabin, executive director of the Unitarian Universalist Service Committee, Inc., will speak about "UUSC in Action" on January 20.

As executive director of the international service organization, Mr. Sabin is responsible for over 50 projects in 28 countries, including work in the fields of medicine, social work, education, human relations, family planning, community development and leadership training.

RADIO PROGRAM

The subject, "What is the Basis of Progress" will be heard this Sunday over station KGO at 7:30 a.m. and station KDON at 8:45 a.m. on the Christian Science radio series "The Bible Speaks to You." A modern spiritual perspective of this vital subject will be presented.

*in this
quiet
place...*

*a book may
be read that
can give you
fresh purpose
in life*

You may have passed by this quiet place many times—but have never entered it. Yet here in this peaceful room, ready for you to read, is a book that has brought new meaning into the lives of many, has given them hope and a sense of spiritual direction. It can do this for you.

The place is the Christian Science Reading Room; the book, Science and Health with Key to the Scriptures by Mary Baker Eddy.

Stop at a Christian Science Reading Room soon; read the Bible and Science and Health in the quiet, undisturbed atmosphere provided for you. Borrow this book, free of charge. Or buy it for yourself. Library Edition \$4. Paperback Edition \$1.95.

How much should a funeral cost?

The simple answer is—*never more than you can afford.* Can the love of a family ever be measured in dollars and cents? Many people do, however, *overspend*, because of the pressure and confusion of the moment. Your inquiry as to costs in advance of need is good insurance against *overspending*. We invite your questions.

The Complete Gardener

Home gardening can be a hit-or-miss practice, or it can be a well planned hobby which will afford many hours of pleasure and pride. Once under control it can be somewhat painless and almost effortless. But there are certain rules to be followed. So let's get down to the business of gardening. This is another year . . . it's winter . . . and our gardens are, for the most part, quiet. It's time to take inventory of what we have and to make plans for what we want to have this year.

THE PLAN

If you want to be practical, keep a log book on gardening activities. A regular school binder with loose-leaf pages is perfect for this. On the first pages keep a map of the premises. Cross-section paper works best for keeping measurements to scale. And measure you must. The existing buildings, the walks and driveways, the patio, the service area, and the swimming pool, if there is one—everything of consequence should appear on the map, and in its proper place. All of the entrances and first-floor windows, will be noted, and their heights above the ground. Put in the trees, shrubs, and garden plots. Chart everything that's there. This is what you have.

Now, what do you want? Is there anything to be eliminated from your present landscape? If these questions leave you stumped, take the plan to a qualified nurseryman and get some ideas. He might even take a look at your place. Don't hesitate to get help. Ask questions . . . get ideas. Put everything down on paper before you start digging.

THE OPERATION

When you've decided where to put the vegetable garden, put your spade to work. Not when the soil is too wet, mind you. When it crumbles in your fingers, easily. If the soil is too sticky, or too sandy, apply a conditioner on the surface before spading. Conditioners come in many forms, in bottles, bags, and boxes. Some are physical, others are chemical. When soil refuses to work easily, try the inexpensive way first. Gypsum, at a rate of 200 lbs. per 1000 sq. ft. Apply on a calm day and water it in deeply. Allow the soil to dry out and try it again with the spade. Now that pore space has been created, the

physical conditioner is added. The best combination is a mixture of composted fir bark (vita-bark soil conditioner) and arcillite (Turface). For each 1000 sq. ft., four bags of vita-bark (3 cu. ft. size) and two bags of Turface (50 lb. size) will be needed. These, with the 200 lbs. of gypsum will cost about \$20, which is a nominal sum for putting 1000 sq. ft. in good physical condition.

Before mixing these materials into your soil it is advisable to add superphosphate to the area. This is a major plant food element which must be placed at root level to be effective. A 5-pound package of superphosphate pellets will cost about 75c and will be enough for each 1000 sq. ft. of area. Now the garden plot is ready for spading and, once turned, the soil can be left idle until time to rake it smooth for planting.

Some readers will ask why the mention of such old favorites as steer manure, peat moss and bone meal is omitted. Manure, at its best, serves for a short period of time and, in recent years, has been found to contain excessive amounts of salt, which is injurious to plant life. Peat moss is often difficult to handle and much too expensive considering its short duration of service. Redwood sawdust is a toxic material and usually requires heavy additions of nitrogen to break it down. Bone meal is very slow acting, it is highly alkaline, and its cost is about double that of superphosphate.

Finally, early January garden duties should include fertilizing the lawn (use a formula heavy in phosphoric acid and potash, like 10-10-5 or 6-9-6). Desirable grasses need cool weather feed-

. . . a regular diet of information having to do with plants

ing. Also get holes ready for bare-root planting.

THE PLANTING HOLE

First of all, the size of the hole should be ample, in width and in depth, to accommodate the roots without crowding. Whether it's a tree, a shrub, or a vine, give it a big comfortable home with lots of room for easy root development. Once the hole is dug, try it out for drainage. If the soil is heavy and drains slowly mix in about 10 pounds of gypsum and fill again with water.

Then consider the pile of soil you removed to make the hole. Unless it's of a crumbly texture, and not excessively sandy, something must be added. If a prepared planting mix is used figure a half-and-half mixture with the native soil. One cupful of superphosphate should also be mixed into this pile. This fertilizer will remain at root level until used by the plant. It will not leach. Once the holes are prepared nothing is left to do until you're ready to plant.

THE PLANTING

Always select nursery stock by inspection. Mail-order plants are seldom as they appear in the magazine ads. When you see what you're buying, in advance, you can determine whether or not it's a bargain. When choosing trees look for sturdy trunks with plenty of roots at one end and a good framework of branches at the other. Number One bush roses should have at least three well-spaced canes and a mass of vigorous roots.

Never plant a bare-root without pruning; both the roots and the top. Cut off broken roots and shorten those which seem excessively long. Roots should be spread evenly in the hole; never crowded. Notice the soil mark on the lower trunk of the tree and set it at this same depth when planting. A strong stake, placed next to the trunk, will hold the tree in place until the roots have grown enough to anchor it. When tying the trunk to the stake use a material which will not cut through the bark. Rose roots are formed into the shape of a cone, and this must be considered when planting. Before setting the rose in its hole, build up a cone of soil on the bottom and spread the roots evenly over this cone.

Next comes a very important step. When the plant is in place

and half of the soil mixture is returned to the hole, tamp it well, keeping the plant straight. Fill the hole with water and let it settle completely. For a balanced feeding to start the plant properly, place blue planting tablets at this level before filling the rest of the hole. Use one tablet for each half-inch of trunk diameter. This is insurance that the plant will have enough of the right fertilizers at the root zone.

Now fill in the hole, tamping as you go, leaving a shallow water basin around the plant. Fill this basin with water to settle the soil. Then apply a mulch of composted fir bark, such as vita-park soil conditioner or humus planting mulch. You are now ready to prune the top off the tree or the rose.

Shade and fruit trees want a uniform, shape of the strongest branches, without many twigs. Shorten the original branches by one-third. Step back occasionally to inspect your work, and it should be a work of art; clean and evenly cut. Should you run into a problem, stop everything and consult an expert. The future of this tree depends greatly on how well it's started.

PLANTING THE ROSE

Once the roots are spread evenly over the cone of soil, fill in half of the hole and settle the soil with water. Add the planting tablets and put in the rest of the soil. Be sure that the bud (the point where the canes join the root) is above ground. Water again and mulch.

Rose pruning consists of selecting the strongest canes, usually three or four, evenly distributed around the bud. Snip off any small twigs, leaving the canes clean. Now shorten the canes by pruning off any dead wood at the ends. Look for eye-like buds along the cane (some may have sprouted new growth), select one which faces the outside of the plant and cut the cane just above this bud. Make the cut at a slant with the lower part of the cut on the bud side of the cane. If further explanation is needed a good nurseryman will be happy to give you eight inches.

a demonstration.

Any dead part of a rose plant is toxic to living roses. It is imperative, therefore, to clean up after pruning. Collect all loose twigs, canes, leaves and blooms in a paper bag and burn them. Allowing them to stay on the ground only invites disease.

Our next session, one week from today, will provide a few hints on dormant spraying.

AAUW Fellowship Honors Ellen Little

The local branch of the American Association of University Women designated one of the year's National Fellowships Gifts as the Ellen Beery Little Fellowship Gift in honor of Mrs. Little, who died in Carmel on October 31, 1966.

A member of the AAUW here for several years, Mrs. Little was active in many areas of the organization. As ways and means chairman for 1963-64, she was directly responsible for one of AAUW's most successful rummage sales. The 1966-67 edition of "Who's Who in American Women" listed among her achievements her first college degree from Occidental. Ten years later, she was awarded a master's degree from Columbia University. For a period of 39 years, divided almost equally between Hawaii and New Jersey, she was employed as teacher and guidance counselor and was promoted to administrative positions in both fields.

Regarded by her fellows as a distinguished member of AAUW, she was a dedicated woman with a high degree of social responsibility which led her to accept leadership in whatever community she resided.

A similar action was adopted previously to honor Eleanor Henry.

The largest grasshoppers are found in New Caledonia in the southwestern Pacific Ocean. They have a wing span of nearly ten inches and antennae extending

PARTY PLANS . . .

By Phyllis Jervey

TAILGATE CROSBY CLAMBAKE PICNIC

With our famous Crosby Clambake just a week away, let's turn to feeding spectators during this great golf classic. Something new on the American scene is the tailgate picnic. The idea originated with football fans famished before and after the big games and at the parked station wagon's lowered tailgate came into its own as an impromptu buffet board.

With little fanfare these one-dish repasts are cooked at home, transported in wide mouth vacuum containers first heated with boiling water. It is a simple matter to refuel the inner man in bumper-to-bumper conditions in Del Monte Forest. Within safe distance of a Pro-Am drive, sturdy no-nonsense fare can be served.

The prerequisites of such a picnic are colorful enamel ware or plastic covered paper plates and mugs. Carmel's shops are well stocked with such al fresco supplies, so take your choice of these and the following recipes.

To start with, PARTY PLANS offers two wonderfully warming soups, one a rich clam chowder, the other a hearty minestrone.

Bingo Clam Chowder (Serves 6)

One quart clams, shelled, or 3 cans minced clams (10-oz., each.); 2 cups liquid; ¼ lb. salt pork or bacon, diced; 1 medium onion, chopped; 3 cups diced potatoes; salt and pepper to taste; 6 coarsely crushed soda crackers; 3 cups whole milk; paprika.

If using fresh clams steam them from shells removing all pieces of shell. Put in saucepan with own liquor and bring to a boil. Strain out clams, chop them and save broth. Measure liquid and add water to make 2 cups. In skillet lightly brown salt pork or bacon, add onion and cook until tender. Add clams and liquid, potatoes, salt and pepper; cover and cook until potatoes are just tender.

Combine crackers and milk, soak

5 minutes; add to potato mixture. Heat thoroughly without boiling and pour into thermos container. Take paprika to sprinkle at serving. Oysterettes are a nice addition.

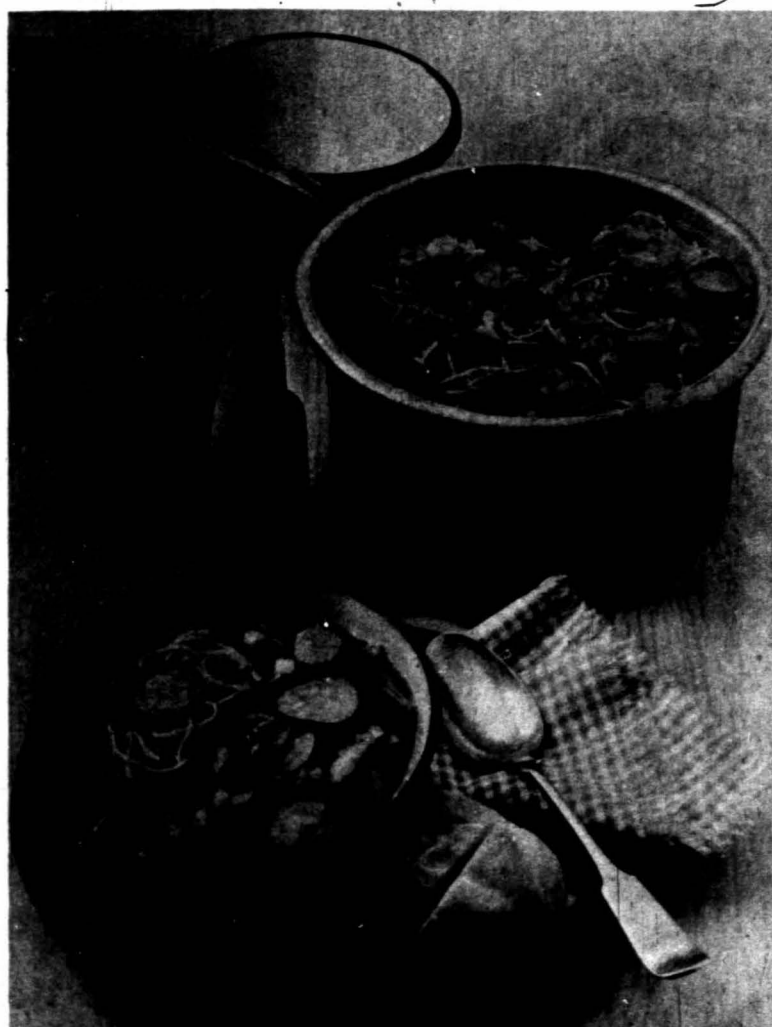

Dino Minestrone Soup (Serves 6)

One and a half lbs. shin beef with bone; 1 qt. water; ½ cup dried red kidney beans; 1 tbsp. salt; 2 bay leaves; ¼ tsp. Tabasco; 1 onion, sliced; ¼ cup chopped parsley; ½ cup diced celery; 1 cup shredded cabbage; 3 carrots, pared and sliced; 1 can (1 lb.) tomatoes; 1 large zucchini sliced; 1 pkg. (10 oz.) frozen peas; ½ cup vermicelli; grated Parmesan cheese.

Combine beef, water, beans, salt and bay leaves in deep kettle. Bring to boil and skim. Cover, simmer 2 hours. Add Tabasco, onion, parsley, celery, cabbage, carrots and tomatoes. Simmer until fresh vegetables are tender but not really soft. (Prepare this part the day before.) Remove from heat without adding zucchini, peas or vermicelli. Refrigerate. Complete soup with rest of vegetables and cook 15 minutes before pouring steaming into the thermos. Garnish with grated Parmesan cheese at picnic. This thick soup needs only crusty Italian bread to round out a square meal but you could serve the suggested "heros," deviled eggs, crab-stuffed rolls and cookies with plenty of coffee.

Baby Heros (Makes 12)

Twelve soft dinner rolls; sharp

A wonderful warming minestrone is sure to hit the spot at your Crosby Tournament Picnic.

prepared mustard; 12 slices liverwurst, ¼ inch thick; ½ lb. sliced Muenster cheese; 2 cans (4 oz., each.) pimientos (whole).

Cut dinner rolls in half, lengthwise; spread cut surfaces with mustard. Top 12 halves with 1 slice liverwurst, slices of cheese cut to fit and ½ pimiento. Top with remaining roll halves. Put into individual sandwich bags.

Deviled Eggs

Twelve eggs, hard-cooked; ½ cup softened butter; 1 tsp. minced

green or white onion; 2 tbsps. dry white wine; ½ tsp. curry powder; 6 anchovy fillets, chopped. Omit salt.

Remove egg yolks. Add remaining ingredients to egg yolks; mix until very smooth. Fill egg whites with yolk mixture. Wrap each half in wax paper; refrigerate until ready to leave for the clambake.

Crab-Stuffed Rolls

Now that fresh steamed cracked crabs are plentiful and economical at Monterey's Fisherman's Wharf, it's a good time to prepare a large exciting fresh crab salad and freeze, then thaw, when ready to fill split frankfurter rolls. Wrap each in foil or wax paper. Tuna is easier, of course, and chicken sal-

ad is also popular but the taste of sea-fresh crab is best of all.

Nourishing egg noodles mixed with a savory ground beef sauce are a welcome relief from cold sandwiches during chilly weather. A thermos full of the following will be enjoyed as much by pros as by amateurs, spectators or participants at the forthcoming Crosby tournament.

Beef and Noodles A Go Go (Serves 8)

Two tbsps. salt; 6 qts. boiling water; 16 ozs. medium egg noodles (about 8 cups); 2 lbs. ground beef; 8 slices diced bacon; 2 onions, chopped; 2 garlic cloves, halved; 6 cans (8 ozs., each.) tomato sauce; 2/3 cup chopped dill pickle; pinch of oregano; salt and pepper to taste; grated Parmesan cheese.

Add salt to rapidly boiling water. Gradually add noodles so that water continues to boil. Cook uncovered, stirring occasionally until tender. Drain in colander. Brown meat in skillet then drain on paper towels. Sauté bacon, onion and garlic until lightly browned; discard garlic. Stir in beef and remaining ingredients. Cover and cook slowly 10 minutes. Mix with hot noodles. Put into thermos. At serving pass grated Parmesan cheese.

Crosby Irish Stew Special (Serves 10)

Four lbs. lamb shoulder; boiling water; 2 cups diced turnip; 4 cups cubed potatoes; 1 cup sliced onions; 2 cups diced carrots; 1 pkg. frozen green peas; salt and pepper to taste; chopped parsley; flour and water mixed to thicken; Worcestershire sauce.

Cut meat in small pieces after removing gristle and fat, add enough boiling water just to cover. Cook, covered, over low heat about 2 hours. Add next four ingredients and cook, covered, until meat and vegetables are tender. Then add frozen peas, seasonings and parsley. Cook briefly and thicken as desired. Pour piping hot into thermos container. At picnic pass tiny baking powder biscuits, kept hot in insulated bag, to use as dumplings on top of each bowlful of piping hot stew. A bottle of Worcestershire sauce should be on hand for those who want added zest.

READ THE WANT ADS

Why your PG&E bill went up when the temperature went down:

Winter's cold and rain means you're spending more time indoors.

You're using more heat and cooking more hot meals.

You need more lighting.

And you enjoy more TV and radio.

So naturally, your PG&E bill went up. When outside temperature goes back up, your bill will go back down again.

**ORDINANCE NO. 138 C.S.
AN ORDINANCE REGULATING
THE CUTTING, TRIMMING,
AND PLANTING OF TREES
AND SHRUBS WITHIN THE
CITY**

THE CITY COUNCIL OF THE CITY OF CARMEL-BY-SEA DOES ORDAIN as follows:

Section 1. That Division 3 of Part IX of the Municipal Code is amended to read as shown in Exhibit A, attached hereto.

Section 2. That Division 2 of Part IX and Section 1216 of the Municipal Code are hereby rescinded.

Section 3. That this Ordinance shall become effective thirty (30) days after its final passage and adoption.

**CERTIFICATION OF
CITY CLERK**

I, HUGH BAYLESS, the undersigned, City Clerk of the City of Carmel-by-the-Sea, California, do hereby certify that the foregoing is a true and correct copy of Ordinance No. 138 C.S., which was given its First Reading at a Regular Meeting of the said Council on the 7th day of December, 1966, and finally adopted at a Regular Meeting of the said Council on the 4th day of January, 1967.

I further certify that upon its passage the foregoing Ordinance was signed by the Mayor of said City and attested by the City Clerk thereof.

DATED this 5th day of Jan., 1967.

HUGH BAYLESS,
City Clerk

Date of Pub.: Jan. 12, 1967

EXHIBIT "A"**DIVISION 3****TREES AND SHRUBS
ARTICLE I CUTTING AND
TRIMMING TREES AND
SHRUBS ON CITY PROPERTY**

1230. PURPOSE AND INTENTION. The City Council hereby finds that it is necessary to maintain the existing urban forest in order to preserve windbreak protection, abate soil erosion and enhance the natural beauty of the City and adopts this Division in the interests of public health and safety.

1230.1 DEFINITIONS. For the purposes of this Division of the Code, the following definitions shall apply:

TREE shall mean a woody perennial plant, usually with one main stem or trunk, and many-branched. It may appear to have several stems or trunks, as in certain varieties of oak. It is usually over 10 feet high at maturity.

SHRUB shall mean a bushy, woody plant, usually with several permanent stems, and usually not over 10 to 15 feet high at maturity.

1230.2 DETERMINATION OF DEFINITION. In any case, the City Forester shall have the right to determine whether any specific woody plant shall be considered a tree or a shrub. Such determination shall be final and not subject to appeal.

1231. PERMIT FOR REMOVAL OF TREES. Any person desiring to cut down or remove any tree growing in or upon any public street, way, park, or place within the City, or any tree on private property when more than one-half of the basal cross-sectional area of such tree is on City property, or when more than one-half of the foliage of such tree overhangs City property, shall file an application therefor with the City Clerk. Such application shall be accompanied by a deposit of ten dollars (\$10.00) for each tree to be cut down or removed. Each application shall include a plot plan showing the location of the tree or trees concerned and shall further include a statement of the reason for the request.

Upon receipt of such application, the City Clerk shall forward the application to the City Forester who shall indicate on said application:

a. The health or condition of the tree or trees.

b. Whether or not such removal is justified by reason of:

- (1) Good forestry practice.
- (2) The poor health or dangerous condition of the tree or trees.

and return the application to the City Clerk.

If, in the opinion of the City Forester, the tree or trees should be removed because of disease, infestation or clear and present danger to persons or property, the City Clerk shall notify the Superintendent of Public Works who shall cause the tree or trees to be removed and the City Clerk shall return the deposit to the applicant.

In all other cases, the City Clerk shall:

LEGAL ADVERTISEMENT

c. Place the application on the Agenda of the City Council.

d. If denied by the City Council, the deposit shall be returned to the applicant together with a notice of the action of the Council.

e. If approved, the deposit shall be placed in the Tree Planting Fund and the applicant notified of the action of the Council.

Any permit granted hereunder is nontransferable and shall expire one (1) year from date of issuance.

1231.1 PERMIT FOR REMOVAL, IMPROVEMENT OF PRIVATE PROPERTY. In the event a permit for tree removal is granted, in order to enable the applicant to carry out some project of development or improvement of his property, such permit shall be effective only in connection with the actual accomplishment of said project.

1231.2 PERMIT FOR TRIMMING OF TREES OR THE REMOVAL OR TRIMMING OF SHRUBS. Any person desiring to trim, shape, or remove wood or roots from any tree or to remove or trim any shrub, except genista, growing in or upon any public street, way, park, or place within the City, or any person desiring to cut any wood, foliage, or roots from any tree on private property when more than one-half of the basal cross-sectional area of such tree is on City property, or when more than one-half of the foliage of such tree overhangs City property, shall apply therefor to the City Clerk, who shall thereupon refer such application to the City Forester. The City Forester may:

a. Grant such permission and allow the work to be done by the applicant at his own expense, or

b. Approve such request and recommend the work be done by the City, if such removal or trimming would benefit the general public, or

c. Deny the request.

The applicant may appeal any decision of the City Forester to the City Council within ten (10) days of such decision.

1231.3 METHOD OF TRIMMING. All limb cuts made on trees covered by this division shall be smooth and flush with the trunk or larger branch on which cuts are made. All limb cuts larger than one-half inch on oaks and broad-leaved trees and two inches on conifers must be treated with a preservative approved by the City Forester.

1231.4 EXCLUSIONS. The provisions of this article shall not apply to the cutting or trimming of trees or shrubs:

a. When necessary for the construction of streets or buildings on public property.

b. When determined by the Chief of Police to be necessary for traffic safety.

c. When covered by the provisions of Article 3 of this Division.

d. When ordered by the City Council.

1231.5 RESPONSIBILITIES OF THE SUPERINTENDENT OF PUBLIC WORKS. The Superintendent of Public Works shall:

a. Supervise all tree cutting or trimming for which a permit has been granted.

b. Cause to be removed all dead trees or shrubs from public property.

c. Cause to be removed or trimmed any trees or shrubs for which such removal or trimming is ordered by the City Council or is required in connection with any public works project ordered by the City Council.

1231.6 REGULATION OF THE CUTTING BY THE CITY OF TREES PARTIALLY ON PRIVATE PROPERTY. When more than one-half of the basal cross-sectional area of a tree is on private property and the remainder on City property, or when more than one-half of the foliage of a tree overhangs private property and the remainder is over City property, the City shall not cut or trim wood, foliage, or roots except when:

a. In the opinion of the City Forester, such cutting would not threaten the survival of the tree nor endanger public health and safety, nor endanger the health and safety of the property owner, and

b. Permission has been granted by the property owner concerned.

ARTICLE 2 PLANTING AND REPLANTING TREES

1235. GENERAL PROVISIONS. All trees planted in the public street or sidewalk area and all tree planting spaces required by this Code shall be located and planted under the supervision of the Superintendent of Public Works, who shall supervise such

LEGAL ADVERTISEMENT

planting and locating. In the performance of such work, consideration shall be given to the following factors, provided that setbacks, permit and considerations of safety do not interfere. These factors are determined to be of primary importance in maintaining the City forest.

a. Trees that must be removed shall be replaced by new planting, except in unusual circumstances;

b. Wherever feasible, trees shall be planted near old and dying ones in anticipation of their removal;

c. Unnatural regularity of spacing and arrangement shall be avoided, staggered, or irregular locations or a simulated forest arrangement being preferred;

d. Species selected may vary, depending on location; however, the preference of native types is urged; the Monterey pine is to be perpetuated as our dominant forest tree within the city.

e. The coordinating of tree planting on public ways with required landscaping on private property so as to achieve the above purposes is deemed desirable.

ARTICLE 3 DISEASED AND DANGEROUS PLANTS

1236. TREES, SHRUBS, AND OTHER PLANTS ON CITY PROPERTY. All trees, shrubs, and other plants growing on City property, when infested by any insect or infected by any disease threatening the life of same, or which by reason of such infestation or infection endangers the life or growth or healthful existence of other trees, shrubs, or other plants within the City not so infested or infected, or any trees determined by Superintendent of Public Works or the City Forester to be a clear and present danger to persons or property shall be cut or removed by direction of either of said officers, as he in his own judgment shall deem necessary.

1236.1 TREES, SHRUBS, AND OTHER PLANTS ON PRIVATE PROPERTY. All trees, shrubs, and other plants growing on private property, when infested by any insect or infected by any disease threatening the life of same, or which by reason of such infestation or infection endangers the life or growth or healthful existence of other trees, shrubs, or other plants within the City not so infested or infected, or any trees determined by either the Superintendent of Public Works or the City Forester to be a clear and present danger to persons or property may be declared, by resolution of the City Council, to be a public nuisance and thereafter abated as provided for in this article.

1236.3 NOTICE. After the passage of such resolution, the Superintendent of Public Works shall cause to be conspicuously posted on the property upon which such public nuisance is alleged to exist, not less than three notices headed "Notice to Abate Public Nuisance", such heading to be in letters not less than one inch in height and substantially in the following form:

**NOTICE TO ABATE
PUBLIC NUISANCE**

Notice is hereby given that on the _____ day of _____, 19____, the City Council of the City of Carmel-by-the-Sea passed a resolution declaring that certain (trees, shrubs, or other plants) located upon (description of property) are (infested with insects, infected with disease, or a clear and present danger to persons or property), and that the same constitute a public nuisance which must be abated by the removal of the same, otherwise they will be removed and the nuisance abated by the City, in which case the cost of such removal shall be assessed upon the property from which such (trees, shrubs, or other plants) are removed, and such cost will constitute a lien upon such property until paid. Reference is hereby made to said resolution for further particulars.

Any person objecting to the proposed removal, as aforesaid, is hereby notified to attend the meeting of said City Council to be held in the Council Chambers in City Hall at (time) on the _____ day of _____, 19____, when such objection will be heard and given due consideration.

Dated this _____ day of _____, 19____.

Superintendent of Public Works,
City of Carmel-by-the-Sea

Said notices shall be posted at least five (5) days prior to the time for hearing objections to the abatement of such public nuisance.

1236.4 HEARING. At the time stated in such notices, the City Council shall hear and consider all

LEGAL ADVERTISEMENT

objections, if any, to the proposed removal, and may continue the hearing from time to time. Upon the conclusion of such hearing, said City Council shall by resolution allow or overrule any and all objections; whereupon said City Council shall be deemed to have acquired jurisdiction to proceed and perform the work or removal, and the decision of said City Council on the matter shall be final and conclusive.

1236.5 REMOVAL. After final action has been taken by the City Council, or in case no protests or objections have been received, said City Council shall by resolution order the Superintendent of Public Works to abate said nuisance by having any and all trees, shrubs, or other plants infected as aforesaid, removed from the premises in question, and said Superintendent, his deputies and assistants, are hereby expressly authorized to enter upon private property for such purpose. Any property owner shall have the right to have any such trees, shrubs, or other plants removed at his own expense, providing the same is done prior to the arrival of the Superintendent of Public Works or his assistants to remove the same.

1236.6 COST OF REMOVAL. The Superintendent of Public Works shall keep an account of the cost of abating such nuisance upon each lot, piece, or parcel of land, and shall submit an itemized statement thereof to the City Council at its next subsequent meeting thereafter, and shall forthwith mail a full and correct copy of such statement to the owner, or owners of such premises, if known, to his or their last known place of residence. In the event that any such owner is unknown, said statement shall be posted on the bulletin board of City Hall for one week, giving notice when such statement will be submitted to said City Council for approval.

1236.7 ASSESSMENT. At the time for receiving and considering such statement, the City Council shall proceed to consider the same and the objections thereto, if any, and may raise, lower, or modify the amount alleged to be due therein. The determination of the City Council thereon, as aforesaid, shall be final and conclusive, and the amounts of the cost of abating such nuisance upon the various lots or parcels of land mentioned in said statement, shall constitute special assessments against the same, respectively, upon confirmation of such statement, a full and correct copy thereof shall be delivered to the Assessor for said City, and it shall be the duty of said Assessor to add the amounts set forth in such statement and charged against any lot, piece, or parcel of land, to the amount assessed against the same for municipal taxes and assessments, and thereafter said amounts shall be collected at the same time and in the same manner as ordinary city taxes are collected, and such special assessments shall be subject to the same penalties and the same procedure under foreclosure and sale in case of delinquency, as provided for ordinary municipal taxes.

Special Notice

HELEN BENNETT SHOP Fashion resale. Lovely clothes at budget prices. Good clothes, cleaned, accepted on consignment, 251 Pearl St., Upstairs. Monterey: 1 to 5:30, Monday through Friday. 372-1547.

For Lease

FURNISHED: Spectacular, oceanfront, deluxe, ultra-modern home. Two bedrooms, each with bath. Artistically designed and furnished. Complete privacy without isolation. Continuous SRO show of the sea. (Yesterday three mighty whales paraded by "in formation" spouting with regularity suggestive of "Old Faithful"). Adults only. No pets. Available March for one year or perhaps longer, at \$350 month.

UNFURNISHED: Cozy, comfortable, "Carmelish" home with some water view, approximately midway between Carmel and Pacific Grove. Two spacious bedrooms. Separate dining room. Wall to wall carpeting, stove and refrigerator. Secluded patio with barbecue. Adults. No pets. Available after Jan. 15 on two-year lease, or slightly longer if desired at only \$165, water included.

Real Estate

OCEAN VIEW ACRE LOT

In Rancho Mar Monte — convenient to ALL Peninsula Cities — we have a wooded hillside acre with a Point Lobos view. This delightful lot is not hard to build on and it's priced to sell at \$19,500. Exclusive.

CARMEL — CLOSE-IN — HOUSE AND GUEST HOUSE

On a quiet street, near business district and only 3 blocks from beach, charming older Carmel home of 2 bedrooms on a lot and a half. Also, there is a delightful studio apartment AND a separate detached guesthouse. All this for only \$45,500 and terms are liberal.

2 BEDROOMS 2 BATHS 2 BLOCKS TO TOWN

At \$32,500, we defy you to show us a nicer, cleaner, more charming listing. Wood-paneled, beamed-ceiling living room; separate dining room, central heat, delightful, easy-care garden and patio; very quiet corner lot, yet almost in town. South of Ocean Avenue, too. The owner is moving east and the house is definitely priced for a quick sale. Exclusive.

3 BEDROOMS IN CARMEL FOR \$22,500!

Sounds impossible? It does, but we have a 3-bedroom, 1-bath house (with garage) in La Loma Terrace, on Guadalupe near Pico. At \$22,500, you'd probably expect a shack, but this is a very sound house structurally, and it's in reasonably good general condition. We can show it any time.

CARMEL — 2 BEDROOMS — PRIVATE — \$29,500

A beautiful 2-car garage and a large paved patio go with this approximately 10-year-old 2-bedroom, 1-bath home, beamed-ceiling living room. A fine home at \$29,500. Exclusive.

A RARE FIND

South of Ocean Avenue in a prime area, West of Dolores St. and just three blocks to beautiful Carmel Beach. Almost new home with all the modern conveniences. Large living room with a corner brick fireplace. There are 2 bedrooms, 2 baths and a lot of usable storage space and closets. Owners have left the area making this lovely home available for showing and immediate occupancy. Absolutely the best buy we know of at \$34,500.

CHARM — COMFORT — VALUE

Is reflected in this very fine and very livable split-level home located on a large site an easy wedge shot from Carmel Mission. Offering unrestricted views of Carmel Valley and the wooded countryside. Complete privacy and seclusion yet close to all required facilities. There are 3 bedrooms, 2 baths, separate dining area and a large secluded sun-deck, 1 bedroom and family room has separate entrance. A must-see at the bargain price of \$33,500.

Serenity surrounds this contemporary four-bedroom, two-bath home with rooms opening onto two generous-sized decks. Delightful view of mountain tops and trees, and for the children a spacious garden play area, sunny and protected. All bedrooms are extra large. Also a small family room, adjacent to living room. Close to high school. \$40,500.

This fine REDWOOD HOME, only three blocks to the VILLAGE is located on two lots in a maximum sunny area. Expansive brick patios, barbecue, fireplace (outside also) surround the house. Flexible as a three-bedroom family home or as a two-bedroom plus an additional studio apartment with bath. An exceptional buy at \$38,000.

Real Estate

NOW AVAILABLE!

1—A Simply Stunning home in one of Carmel's finest areas, near the Beach and surrounded by beautiful Ocean and Mountain views. There are 2 Master Bedrooms, each with its own bath and dressing room, and a small room or alcove off one of the bedrooms that could be used as a den or sleeping quarters if needed. The Living Room is lovely, and off of it is a simply delightful family room with its own fireplace and barbecue; a good sized Dining Area and a Smart all-electric "last minute" kitchen. The front gates open onto a Magnificent Forecourt over 40'x50', which is a dream for entertaining and privacy. One could easily put a swimming pool in — it would be Gorgeous. We are happy to offer this 3-year-old home with "everything" at the unbelievably low price of \$49,500. EXCLUSIVE.

2—Only 4 blocks to Post Office. Attractive modern home — 2 bedrooms, 2 baths, nice living room with fireplace, dining area, all electric kitchen, beautiful, enclosed patio and darling little garden off master bedroom. Walking distance to everything. \$34,500.

3—And still another excellent value. A new home with 4 bedrooms, 2½ baths, beautiful living room, smart kitchen, large entrance hall; it is carpeted throughout AND to top it off a huge family room with its own fireplace and separate bath. All this for \$46,000.

IT'S LATER THAN WE THOUGHT:
ALMOST TIME FOR THE "CROSBY" AGAIN!

And the "Crosby" means one of the best times of the year for selling weekenders and part-time homes! Unfortunately, our supply of available properties which fit these requirements is very low right now, particularly in Carmel proper. Does your house have one or two bedrooms? Is it within walking distance of Carmel and the beach? Will it fall into the price range of \$25,000 to \$45,000? Is your landscaping easy to maintain? Do you want to sell? If so, this may be your last really good opportunity until Easter Vacation. Why don't you give us a ring? No obligation to discuss the idea.

THREE HOMES SOUTH OF OCEAN AVENUE

A large three-bedroom, two-bath home on an oversize lot a stone's throw from the beach. High beamed-ceiling living room. One large bedroom and bath can be separated as a guest apartment. A really exceptional buy and just listed for quick sale at \$40,000.

Another home on a corner close to beach and town with three bedrooms, two baths and a dining room. The owner has left town and has just reduced the price from \$49,500 to \$45,000.

An excellent investment opportunity in an older charming two-bedroom home on two full lots with view possibilities. The land alone is almost worth the price of \$37,500. Ideal for second home or rental income while you sit on your gilt-edge land investment.

THE FEELING OF OLD CARMEL

Tastefully remodeled and redecorated four years ago and used only occasionally for weekends, this charming home has a delightful antiqued redwood living room, a dining room overlooking the large chalkrock patio, a bedroom, bath and den (or bedroom) on the main floor and two bedrooms and a bath on the upper floor. On a 65-foot level corner lot only six blocks from downtown. Just listed at \$41,750.

COUNTRY HOME WITH A HOBBY ESTABLISHED: A nearly-new two-bedroom home on an acre site with excellent set-up for raising pheasants or other marketable birds. Scientifically designed and well constructed pens with ample storage barn and well. The compact, attractive home provides a sunny living room with fireplace, two bedrooms, bath and pleasing country kitchen with good cabinetry. Interior walls paneled in Philippine mahogany. Protected patio and easy access to river fishing. A few fruit trees complete the rural charm of the property. Adjoining acre may be purchased separately. An excellent value at \$26,500.

RETIREMENT WITH MINIMUM PROPERTY MAINTENANCE:

This "status quo" may be yours if you are typical of the many couples who settle in Carmel to enjoy the "golden years" . . . a comfortable, well-built home in a most desirable Carmel area. This attractive two-bedroom and two-bath home features lavish use of heavy shakes and used brick for a pleasing exterior and a spacious living room with beamed ceiling and hospitable hearth, a dining room with ample shelves and cabinets, a completely equipped kitchen with ceramic tile and quality built-in units, and a finished garage with laundry corner. The setting is tranquil and cheerful with trees and native shrubs that filter sunlight.

RANCHO RIO VISTA BUILDING SITES: We take pride in showing a variety of good building sites ranging in area from one acre to three acres plus. Prices range from \$12,000 to \$26,000.

ON THE RIM OF THE MESA: Price reduced below replacement cost to move this vacant family home. Now listed at \$42,500, this home may be purchased with a loan commitment of 80% of the purchase price. Three bedrooms, two baths, living room, dining room and kitchen with dining area. Recently redecorated and conditioned \$42,500.

BIOGRAPHY OF JEFFERS TO BE TELEVISED

A motion picture biography of the late Robinson Jeffers of Carmel Point, one of this country's great poets, will be shown on Channel 5 by Station KPIX on January 24 from 10:30-11 p.m.

The television station has taken almost a year to make the half-hour film titled "Rhapsody and Requiem." Months were spent on location in the Carmel and Big Sur area made famous by Jeffers in his poetry.

Suburban Area Council

(Continued from Page One)

had been accomplished during their tenure of office. Included was the installation of 81 fire hydrants in areas not previously supplied with this fire-fighting service, including Mission Fields, Mission Tract, Walker Tract, Hatton Fields; additional hydrants in other areas such as Carmel Woods. These subdivisions are within Service Area No. 43 which was established during the Coateses' term of office, by the county board of supervisors, after the lack of hydrants was pointed out to the supervisors, also the need of a special fire truck to serve the suburban unincorporated areas.

By a tax of 18 cents per \$100 property valuation, this service area has provided hydrants and expects, within the next four or five months, to have a fire truck with a two-man crew on call 24 hours a day in cooperation with the Carmel Hill station of the California State Forestry Service. This truck also will protect Service Area No. 42 comprised of Pebble Beach areas.

The Coateses' report predicted that "as the entire service area becomes further developed it will be necessary to obtain additional fire fighting equipment. We have looked forward to this requirement and overtures have been started to obtain a grant of a lot near the Valley mouth on which a fire house can be built to house this additional equipment. This is a vital program as development within the Del Monte Properties will require them to build a new fire house closer to their increased developments."

Harold Arnot, president of the Carmel Taxpayers Association, spoke against the Carmel Unified School District 37 cent override tax on which residents of the district will vote on March 7.

"We should not even consider passing this override which is inconsistent with getting property tax relief," he declared and added that financial aid to the district could be provided by donations to the Carmel School Trust Fund. "I recommend a NO vote on the override," he concluded.

W. Whiting Reed, property owner in the 8.7 acre area of the Mission Tract, bounded by Rio Road and Dolores Street, which is in the process of seeking annexation to Carmel, reported that he will protest the annexation at a city council public hearing on February 8 and, by letters to other property owners in the area, hopes to arouse more opposition. "If we can get 50 percent of them we can kill it," he stated in reference to the annexation.

Dan Daly, an annexation opponent residing in the same area, spoke against "piecemeal" annexation, such as the request approved by the council last week for a five-lot parcel south of Santa Lucia with two lots west of Monte Verde and three east. He stressed that any annexation of unincorporated territory in Service Area No. 43 "nibbles away" the total assessed valuation of the service area on which the tax is levied to provide fire protection.

Twenty-one of the 22 persons at the meeting voted to send a letter to Governor Ronald Reagan commending tax cuts proposed in his inaugural address. The letter was suggested by Jack Walsh, a Democrat, who will draft the communication.

LUCKY LANDING

On the last day of 1966, Carmel Rancho shoppers were surprised to see a Cherokee 140 private airplane make a landing on the new paved access road nearby. The pilot and Monterey Peninsula resident, Gerald Ewing, had to make a forced landing. When the plane reached the end of the pavement part of its landing gear was sheared off by the curb. Just beyond that curb is a gully about 30 feet deep. If the plane had gone any further the consequences could have been quite serious. Mrs. Ewing and the three Ewing children were passengers. All alighted safely.

School District Takes Inventory

While students enjoyed their Christmas holidays, Walter Hinton, business manager of the Carmel Unified School District, and volunteers from the district's personnel, went through every room in every school in the district and counted, marked, numbered and valued every piece of physical equipment. This inventory, Superintendent Dr. Harris Taylor told the board of education last night, will be kept at the district's central office. The information gained, he pointed out, will be invaluable in respect to insurance coverage in case of fire or disappearance for some reason. The inventory also will effect economies, especially where similar items of equipment are used in more than one school and supplies for these items can be bought in quantity at reduced rates, rather than each school ordering such equipment separately as has been done in the past.

"We'll also be able to pirate parts," Dr. Harris remarked. More equitable distribution of equipment will result from finding out exactly what equipment the district has, aid auditors and provide sounder administration, he added.

Hinton stated that the inventory should be maintained to be effective and he has made provision for this maintenance. Each piece of equipment has been documented and filed on colored cards serially and non-serially. This filing will cover information on site development, buildings, derivation of purchase funds and cost. Equipment was defined as items with a unit value of \$10 or more, and which are not consumable. Items not in this category are classed as supplies.

UROC Speaker

On Monday, Joe Crosby, State Chairman of UROC and his wife, Jane, will be here for the day en route to Pasadena from the Republican State Central Committee meeting in Sacramento.

Edward Milstead of Salinas, chairman of the 34th Assembly District Council of the United Republicans of California, says Crosby will speak on "UROC's Part In California Politics." Plans are being made for two public talks—a noon luncheon in Monterey, at the Mark Thomas Inn and, at 8:00 p.m., in the Memorial Auditorium in Greenfield.

The Carmel Unit of UROC will host the luncheon for Mr. and Mrs. Crosby. Anyone interested in attending may make reservations through the unit's secretary, Miss Esther Williams (624-8971), or Mrs. David Williams (Salinas 422-1732). Reservations should be called in by tomorrow.

The Crosbys will be escorted about the area by Mrs. David Williams, present Governor of UROC Area 7.

Boyer Concert For Dooley Foundation

The Monterey County Chapter of the Thomas A. Dooley Foundation, Inc. will present a benefit concert featuring internationally renowned concert pianist Gilbert Boyer of Carmel on January 20, 8:30 p.m., at Sunset Center auditorium.

Boyer has played many concerts in the United States and the principal cities of Latin America, recently terminating a tour of South America with a concert in the Panamerican Union in Washington D.C. In the Spring of 1966, he gave a European concert tour, playing both standard repertoire and works of Latin American composers which were of especial interest to European audiences. In October, Boyer presented four concert-lectures on Chopin at Monterey Peninsula College, was a guest artist for Carmel's golden anniversary celebration and appeared at the Musical at the Century Club in San Francisco.

Dr. Taylor To Go East Next Month

The superintendent of the Carmel Unified School District, Dr. Harris Taylor, also his predecessor, Medill Bair, now superintendent of the Hartford, Connecticut school system, will be chairman of discussion programs at the American Association of School Administrators Conference in Atlantic City next month. Dr. Taylor will head a television program entitled "The Teacher in 1980" on February 11 and Bair will head another discussion, "Ways to Deal with Teacher Militancy (Or Is it Idealism?)" on February 15.

Last night the board of education approved Dr. Taylor's absence from the district from February 9-15 to attend the conference. Dr. Taylor told trustees that, on the television program in which he will take part, educational requirements to prepare teachers to instruct pupils in 1980 will be stressed. He will also hold a series of interviews on February 10 at Columbia University in New York with prospective candidates for key positions in the Carmel district.

The board approved the appointment of George Selvig as teaching principal of Captain Cooper School for the remaining six months of the 1966-67 school year. He will be paid \$50 per month in addition to his salary as teacher of the fifth and sixth grades at the Big Sur school. The former teacher-principal at Captain Cooper, Mrs. Rowena Kelly, has married and moved to Colorado.

Also for the remainder of the current academic year, the board approved the employment of John R. Bosch as a replacement for Kenneth Wiese, Middle School industrial arts teacher, who will be on sabbatical leave.

The annual audit of the district was accepted from the firm of Heckenlaible, Apger and Company, certified public accountants.

Sanitary District Receives Requests

Sewering of Hacienda Carmel was discussed at the meeting of the board of directors of the Carmel Sanitary District Tuesday night, also formal approval of the annexation to the district of the site of the Community Church of the Monterey Peninsula. Both the Hacienda retirement community and the church are situated in Lower Carmel Valley.

The board also discussed an employees insurance program but action was deferred until the next regular meeting on February 7.

Held for further study by the district's engineers was the request

of Carmel Rancho shopping center for annexation of land to the center's existing property.

The board took favorable action on the report of Sanitary District Superintendent Max Drewien that several trouble spots within the district will require realignment and placing of new sewer drains. Bids for this project will be called. Cost will be approximately \$25,000.

All members of the board were present. They are Harold C. Arnot, president, James B. Pruitt, Willis Shepard, J. Wentworth Lewis and H. R. Fonseca. Harry Hilbert is the district's secretary.

ANNUAL ALL SAINTS' DINNER MEETING

The annual parish dinner meeting of All Saints' Episcopal Church will be held January 19. Choral Evensong in the church, at 6 p.m., will precede the 6:30 p.m. dinner, prepared and served by men of the parish. The annual meeting, also election of vestrymen and delegates to the diocesan convention, will take place from 7:30-9 p.m.

Members of the congregation are urged to make early reservations. The charge is \$1.50 for adults, 75 cents for children.

JOBS FOR STUDENTS IN POST OFFICES

Summer jobs for students and others are available in post offices throughout California and Nevada. Asa T. Briley, director of the San Francisco Region of the U. S. Civil Service Commission announced today. These jobs pay \$2.44 an hour. Appointees will assist the regular workforce in handling the mail. Applications may be filed with the Board of U. S. Civil Service Examiners, Post Office Department, 450 Golden Gate Avenue, Box 36130, San Francisco, California 94102 and must be received or postmarked by February 9, 1967.

Art Classes

For Young People

The Laky School of Art announces the formation of drawing and painting classes for talented young people, ages 10-13 and 13-16, under the instruction of Keith Lindberg. The groups will meet twice a week and will be limited to ten students in each class. Further information may be obtained from The Laky Galleries.

MRA Delegates

Commander and Mrs. W. C. Stowers of Carmel Valley were among the delegation which attended the first session of the MRA "Up With People" demonstration in Santa Fe, New Mexico, last month. Some 800 youths and their parents were present.

WINS PROMOTION

An 18-year Air Force veteran, Willard K. Hillyer, left, was promoted last month to the rank of lieutenant colonel at Sandia Base, New Mexico. Colonel W. W. Ramsey (USAF) is presenting him with his new insignia. Colonel Hillyer, Operations Staff Officer in the Defense Atomic Support Agency JTF-8, is a 1943 graduate of Carmel High School and his wife is the former Adele Thompson of Carmel. They have three daughters, Alison, 12, Sandra, ten, and Robin, seven. Colonel Hillyer has a B. A. degree from San Jose State College and a master's degree from Stanford University. He has served overseas in England, French Morocco, Newfoundland and Bermuda.
